FORWARD-LOOKING STATEMENTS

This report contains forward-looking statements. The Securities and Exchange Commission encourages companies to disclose forward-looking information so that investors can better understand a company's future prospects and make informed investment decisions. This report and other written and oral statements that we make from time to time contain such forward-looking statements that set out anticipated results based on management's plans and assumptions regarding future events or performance. We have tried, wherever possible, to identify such statements by using words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," "will" and similar expressions in connection with any discussion of future operating or financial performance. In particular, these include statements relating to future actions, future performance or results of current and anticipated sales efforts, expenses, the outcome of contingencies, such as legal proceedings, and financial results.

We caution that the factors described herein and other factors could cause our actual results of operations and financial condition to differ materially from those expressed in any forward-looking statements we make and that investors should not place undue reliance on any such forward-looking statements. Further, any forward-looking statement speaks only as of the date on which such statement is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of anticipated or unanticipated events or circumstances. New factors emerge from time to time, and it is not possible for us to predict all of such factors. Further, we cannot assess the impact of each such factor on our results of operations or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

PART I

Item 1. Business

Overview and Corporate History

VISIBER57 CORP. (the "Company") formerly eBizware, Inc., a Delaware corporation, was formed on December 31, 2013. The Company is headquartered at Unit B19, 9/F, Efficiency House, 35 Tai Yau Street, San Po Kong, Kowloon, Hong Kong. The Company was engaged in the electronic management and appointment of licensed producers in the insurance industry of the United States.

On August 12, 2016, in connection with the sale of a controlling interest in the Company, Mark W. DeFoor (the "Seller"), the Company's then Chief Executive Officer and Director entered into and closed on that certain Share Purchase Agreement (the "Agreement") with 57 Society International Limited, ("57 Society"), a Hong Kong company, whereby 57 Society purchased from the Seller a total of 5,000,000 shares of the Company's common stock (the "Shares") for an aggregate price of \$321,000. The Shares acquired represented approximately 94.70% of the issued and outstanding shares of common stock of the Company. Following the closing of the Agreement, Mark W. DeFoor resigned from all positions held of the Company and Choong Jeng Hew was appointed as the Chief Executive Officer and President of the Company. The Company then ceased its activities in the electronic management and appointment of licensed producers in the insurance industry and abandoned that business model.

On March 23, 2017, the Company filed a Certificate of Amendment to its Certificate of Incorporation with the Delaware Secretary of State to change its name from eBizware, Inc. to VISIBER57 CORP. and its trading symbol to "VCOR" with an effective date of April 11, 2017. The Company is currently seeking new business opportunities or acquisitions.

On September 18, 2019, the Company filed a Certificate of Amendment to its Certificate of Incorporation with the Delaware Secretary of State to implement a 2.5-for-1 forward stock split (the "Forward Stock Split") of the Company's issued and outstanding common stock, which became effective on November 8, 2019. Each one (1) share owned by a stockholder was exchanged for two-and-one-half (2.5) shares of common stock, and the number of shares of the Company's common stock issued and outstanding was increased proportionately based on the Forward Stock Split. The number of authorized shares was not adjusted. All issued and outstanding shares and per share amounts in the accompanying historical financial statements have been retroactively adjusted to reflect the Forward Stock Split.

On February 20, 2020, 57 Society International Ltd. transferred 5,587,000 shares of the Company's common stock to individual shareholders. The ownership of 57 Society International Ltd. decreased from 94.70% to 52.37%.

Our Business

The Company was engaged in the electronic management and appointment of licensed producers in the insurance industry of the United States.

In connection with the Company's plan to expand its business and rebrand its identity, the Company changed its name to VISIBER57 CORP. and its trading symbol to "VCOR" effective April 11, 2017.

The Company is currently seeking new business opportunities or acquisitions including the exploration of acquiring, developing and launching a cloud-based APP that utilizes a predictive algorithm to foster closely knitted communities made up of individuals, families and businesses from a diverse background.

No timetable has been set to accomplish our business objectives and we do not presently have any firm commitment from any third parties to acquire or develop this business or raise the capital needed upon terms acceptable to us. When we commence this implementation and secure financing, we will identify our plan of operations, a marketing strategy, opportunities and competition.

Employees

At August 31, 2020 we had no full-time employees. None of our employees are covered by collective bargaining agreements.

Available Information

We do not have a corporate website. The public may read and copy any materials that we file with the SEC at the SEC's Public Reference Room at 100 F Street, NE, Washington, D.C. 20549. The public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. The SEC maintains an Internet site that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC. The address of that site is www.sec.gov.

Results of Operations

The following comparative analysis on results of operations was based primarily on the comparative audited financial statements, footnotes and related information for the periods identified below and should be read in conjunction with the financial statements and the notes to those statements that are included elsewhere in this report.

Revenue:

We did not generate revenues for the fiscal years ended August 31, 2020 and 2019.

Total Operating Expenses:

We incurred operating expenses for the year ended August 31, 2020, in the amount of \$47,488 compared to \$68,826 for the year ended August 31, 2019 a decrease of \$21,338 or 31%. The decrease was attributable to a decrease in professional fees of \$22,215 or 44%, primarily due to reduction in legal fees, offset by an increase in general and administrative expenses of \$877 or 5%.

Net Loss:

We incurred losses for the fiscal years ended August 31, 2020 and 2019, in the amounts of \$47,488 compared to \$68,826, respectively.

Liquidity and Capital Resources

Liquidity is the ability of an enterprise to generate adequate amounts of cash to meet its needs for cash requirements. As of August 31, 2020, working capital deficit amounted to \$268,958, an increase of \$47,488 of working capital deficit as compared to of \$221,470, as of August 31, 2019. This increase in working capital deficit is primarily a result of an increase in the current liability account due to related party of \$34,003 and accounts payable of \$1,485 offset by a decrease in prepaid expenses of \$12,000.

Property and Equipment

The Company currently owns no equipment.

In 2020 and 2019, the Company did not issue any shares of common stock.

Balance Sheet Data	August 31, 2020	August 31, 2019
Cash	\$ -	\$ -
Total Assets	\$ 2,330	\$ 14,330
Total Liabilities	\$ 271,288	\$ 235,800
Shareholders' Deficit	\$ (268,958)	\$ (221,470)

During the fiscal years ended August 31, 2020 and 2019, 57 Society, a company under the common control of ChoongJeng Hew, the Company's Chief Executive Officer, paid \$28,013 and \$46,403 of operating expenses, respectively, and made \$5,990 and \$21,990 of prepayment on behalf of the Company, respectively. As of August 31, 2020 and 2019, we had an outstanding payable to 57 Society in the amount of \$266,003 and \$232,000, respectively, an increase of \$34,003. The payable is unsecured, does not bear interest and is due on demand.

For the fiscal years ended August 31, 2020 and 2019, net cash used in operating activities were both \$0.

For the fiscal years ended August 31, 2020 and 2019, net cash provided by financing activities were both \$0.

We do not have sufficient resources to effectuate our business plan. We will have to raise additional funds to pay for all of our planned expenses. We potentially will have to issue additional debt or equity, or enter into a strategic arrangement with a third party to carry out some aspects of our business plan. There can be no assurance that additional capital will be available to us. We currently have no agreements, arrangements or understandings with any person to obtain funds through bank loans, lines of credit or any other sources. Since we have no other such arrangements or plans currently in effect, our inability to raise funds for the above purposes will have a severe negative impact on our ability to remain a viable company. We are dependent upon our controlling shareholders to provide or loan us funds to meet our working capital needs.

Going Concern

Our financial statements have been prepared assuming that we will continue as a going concern, which contemplates, among other things, the realization of assets and the satisfaction of liabilities in the normal course of business. As reflected in the accompanying financial statements, we had a net loss of \$47,488 and \$68,826 for the fiscal years ended August 31, 2020 and 2019, respectively. The working capital deficit was \$268,958 as of August 31, 2020. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management cannot provide assurance that the Company will ultimately achieve profitable operations or become cash flow positive, or raise additional debt and/or equity capital. The Company is seeking to raise capital through additional debt and/or equity financings to fund its operations in the future. Although the Company has historically raised capital from sales of equity, from related party working capital advances, and from the issuance of promissory notes, there is no assurance that it will be able to continue to do so. If the Company is unable to raise additional capital or secure additional lending in the near future, management expects that the Company will need to curtail its operations. These financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

In the opinion of our independent registered public accounting firm for our fiscal year ended August 31, 2020, our auditor included a statement that as a result of our accumulated deficit at August 31, 2020, our net loss and no cash generated from operating activities for the reporting period then ended, there is a substantial doubt as our ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Inflation

In the opinion of management, inflation has not and will not have a material effect on our operations in the immediate future. Management will continue to monitor inflation and evaluate the possible future effects of inflation on our business and operations.

Off-Balance Sheet Arrangements

Under SEC regulations, we are required to disclose our off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, such as changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. As of August 31, 2020, we have no off-balance sheet arrangements.

Critical Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Effect of Recently Issued Accounting Pronouncements

There were various other updates recently issued, most of which represented technical corrections to the accounting literature or application to specific industries. None of the updates are expected to have a material impact on our financial position, results of operations or cash flows.

Item 7A. Qualitative and Quantitative Disclosures About Market Risk

Not applicable.

Item 8. Financial Statements and Supplementary Data

The Company's consolidated financial statements, together with the report of the independent registered public accounting firm thereon and the notes thereto, are presented beginning at page F-1. The Company's balance sheets as of August 31, 2020 and 2019 and the related statements of operations, changes in stockholders' deficit and cash flows for the fiscal years then ended have been audited by MaloneBailey, LLP, which is an independent registered public accounting firm. These financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and pursuant to Regulation S-K as promulgated by the Securities and Exchange Commission and are included herein pursuant to Part II, Item 8 of this Form 10-K. The financial statements have been prepared assuming the Company will continue as a going concern.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act that are designed to ensure that information required to be disclosed by us in reports that we file under the Exchange Act is recorded, processed, summarized and reported as specified in the SEC's rules and forms and that such information required to be disclosed by us in reports that we file under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure. Management, with the participation of our Chief Executive Officer and Chief Financial Officer, performed an evaluation of the effectiveness of our disclosure controls and procedures as of August 31, 2020. Based on that evaluation, our management, including our Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were not effective as of August 31, 2020 for the reasons discussed below.

Management's Annual Report on Internal Control over Financial Reporting

Management is responsible for the preparation of our financial statements and related information. Management uses its best judgment to ensure that the financial statements present fairly, in material respects, our financial position and results of operations in conformity with generally accepted accounting principles.

Management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in the Exchange Act. These internal controls are designed to provide reasonable assurance that the reported financial information is presented fairly, that disclosures are adequate and that the judgments inherent in the preparation of financial statements are reasonable. There are inherent limitations in the effectiveness of any system of internal controls including the possibility of human error and overriding of controls. Consequently, an ineffective internal control system can only provide reasonable, not absolute, assurance with respect to reporting financial information.

Our internal control over financial reporting includes policies and procedures that: (i) pertain to maintaining records that, in reasonable detail, accurately and fairly reflect our transactions; (ii) provide reasonable assurance that transactions are recorded as necessary for preparation of our financial statements in accordance with generally accepted accounting principles and that the receipts and expenditures of company assets are made in accordance with our management and directors authorization; and (iii) provide reasonable assurance regarding the prevention of or timely detection of unauthorized acquisition, use or disposition of assets that could have a material effect on our financial statements.

Under the supervision of management, including our Chief Executive Officer and our Chief Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) and subsequent guidance prepared by the Commission specifically for smaller public companies. Based on that evaluation, our management concluded that our internal control over financial reporting was not effective as of August 31, 2020 because it identified the following material weakness:

- 1) We do not have an Audit Committee.
- 2) We do not maintain appropriate segregation of duties.
- 3) We have not implemented policies and procedures that provide for multiple levels of supervision and review.
- 4) The Company does not have well-established procedures to authorize and approve related party transactions.

A material weakness is a deficiency or a combination of deficiencies in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the annual or interim consolidated financial statements will not be prevented or detected on a timely basis.

We expect to be materially dependent upon third parties to provide us with accounting consulting services for the foreseeable future which we believe mitigates the impact of the material weaknesses discussed above. Until such time as we have a chief financial officer with the requisite expertise in U.S. GAAP and establish an audit committee and implement internal controls and procedures, there are no assurances that the material weaknesses and significant deficiencies in our disclosure controls and procedures will not result in errors in our financial statements which could lead to a restatement of those financial statements.

Our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our company have been detected.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the company's registered public accounting firm pursuant to SEC rules that permit us to provide only management's report on internal control over financial reporting in this annual report on Form 10-K.

Changes in Internal Controls over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarter ended August 31, 2020 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information.

None.

PART III

Item 10. Directors, Executive Officers, and Corporate Governance.

The following table and biographical summaries set forth information, including principal occupation and business experience, about our directors and executive officers as of November 30, 2020. There are no family relationships between any of the executive officers and directors of the Company.

Name	Age	Positions and Offices to be Held
Choong Jeng Hew	52	Chief Executive Officer, President and Director
Chip Jin Eng	52	Chief Financial Officer, Treasurer, Secretary and Director

Our directors are appointed for a one-year term to hold office until the next annual general meeting of our shareholders or until removed from office in accordance with our bylaws. Our officers are appointed by our board of directors and hold office until removed by the board. All officers and directors listed above will remain in office until the next annual meeting of our stockholders, and until their successors have been duly elected and qualified. There are no agreements with respect to the election of Directors. Our Board of Directors appoints officers annually and each Executive Officer serves at the discretion of our Board of Directors.

The following is a brief description of the background on our recently appointed officer and director.

Choong Jeng Hew, age 52, has served as our Chief Executive Officer, President and member of our Board of Directors since August 12, 2016. Mr. Hew currently serves as the Chief Executive Officer of 57 Society and VISIBER Group of Companies, where he oversees their overall daily operations as well as strategic development. Prior to joining the Company, Mr. Hew worked at General Electric Information Services from 1992 to 1993, SITA/SCITOR from 1993 to 1994, Oracle Malaysia from 1997 to 1998 and Health Communication Network (HCN) from 1991 to 2001, where he had roles that included information technology and management, sales and marketing business development and strategic consulting. In addition, Mr. Hew was conferred the honorary title of Datoship by the State Sovereign of Pahang, Malaysia. Mr. Hew received a Bachelor of Science degree in Computer Science from Ohio State University. Mr. Hew also received a postgraduate diploma in Computer and Information Systems from the Curtin University of Technology in Australia in 1994.

As the Chief Executive Officer of our company, Mr. Hew brings our board his considerable experience in the strategic planning and growth of companies and qualifies him to continue to serve as a director of our company.

Chip Jin Eng, age 52, has served as our Chief Financial Officer, Treasurer, Secretary and Director since August 12, 2016. Mr. Eng currently serves as the Executive Director for VISIBER SdnBhd and VISIBER International (Singapore) Pte. Ltd and is the Chief Financial Officer of 57 Society. Since 2004 Mr. Eng has also served as an Independent Non-Executive Director and the Audit Committee Chairman of OilcorpBhd, a company listed on the Main Board of Bursa Malaysia stock exchange. Prior to joining 57 Society, since 1999, Mr. Eng established two consulting companies providing corporate advisory and consulting services. Mr. Eng was an auditor with Coopers & Lybrand, Chartered Accountants in 1993 before joining Moores Rowland, Chartered Accountants in 1994. Mr. Eng graduated from the Royal Melbourne Institute of Technology, Melbourne, Australia and has been a Chartered Accountant registered with the Malaysian Institute of Accountants since 1996 and the Australian Society of Certified Practicing Accountants (ASCPA) since 2002.

As the Chief Financial Officer of our company, Mr. Eng brings our board his considerable experience in the finance and qualifies him to continue to serve as a director of our company.

Involvement in Certain Legal Proceedings

None of our directors, executive officers, significant employees or control persons has been involved in any legal proceeding listed in Item 401(f) of Regulation S-K in the past 10 years.

Corporate Governance

Our board of directors has not established any committees, including an audit committee, a compensation committee or a nominating committee, or any committee performing a similar function. The functions of those committees are being undertaken by our board. Because we do not have any independent directors, our board believes that the establishment of committees of our board would not provide any benefits to our company and could be considered more form than substance.

We do not have a policy regarding the consideration of any director candidates that may be recommended by our stockholders, including the minimum qualifications for director candidates, nor has our officers and directors established a process for identifying and evaluating director nominees. We have not adopted a policy regarding the handling of any potential recommendation of director candidates by our stockholders, including the procedures to be followed. Our officers and directors have not considered or adopted any of these policies as we have never received a recommendation from any stockholder for any candidate to serve on our board of directors.

Given our relative size and lack of directors' and officers' insurance coverage, we do not anticipate that any of our stockholders will make such a recommendation in the near future. While there have been no nominations of additional directors proposed, in the event such a proposal is made, all current members of our board will participate in the consideration of director nominees.

As with most small, early stage companies until such time as we further develop our business, achieve a stronger revenue base and have sufficient working capital to purchase directors' and officers' insurance, we do not have any immediate prospects to attract independent directors. When we are able to expand our board to include one or more independent directors, we intend to establish an audit committee of our board of directors. It is our intention that one or more of these independent directors will also qualify as an audit committee financial expert. Our securities are not quoted on an exchange that has requirements that a majority of our board members be independent and we are not currently otherwise subject to any law, rule or regulation requiring that all or any portion of our board of directors include "independent" directors, nor are we required to establish or maintain an audit committee or other committee of our board.

Code of Ethics

We expect that we will adopt a code of business conduct and ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. Once adopted, we will make the code of business conduct and ethics available on a corporate website, additionally we do not currently have a website but are planning to create one. We intend to post any amendments to the code, or any waivers of its requirements, on our planned website.

Board Structure

Our Board has not chosen to separate the positions of Chief Executive Officer and Chairman of the Board in recognition of the fact that our operations are sufficiently limited that such separation would not serve any useful purpose.

Role of Board in Risk Oversight Process

Management is responsible for the day-to-day management of risk and for identifying our risk exposures and communicating such exposures to our board. Our board is responsible for designing, implementing and overseeing our risk management processes. The board does not have a standing risk management committee, but administers this function directly through the board as a whole. The whole board considers strategic risks and opportunities and receives reports from its officers regarding risk oversight in their areas of responsibility as necessary. We believe our board's leadership structure facilitates the division of risk management oversight responsibilities and enhances the board's efficiency in fulfilling its oversight function with respect to different areas of our business risks and our risk mitigation practices.

Communications with the Board of Directors

Stockholders with questions about the Company are encouraged to contact the Company by sending communications to the attention of the Chief Executive Officer at Unit B19, 9/F, Efficiency House, 35 Tai Yau Street, San Po Kong, Kowloon, Hong Kong. If stockholders feel that their questions have not been sufficiently addressed through communications with the Chief Executive Officer, they may communicate with the Board of Directors by sending their communications to the Board of Directors, c/o the Chief Executive Officer at the same address.

Director Compensation

Historically, our non-employee directors have not received compensation for their service outside the compensation set forth in the Summary Compensation Table below, but we may compensate our directors for their service in the future. We reimburse our non-employee directors for reasonable travel expenses incurred in attending board and committee meetings. We also intend to allow our non-employee directors to participate in any equity compensation plans that we adopt in the future.

Procedures for Nominating Directors

There have been no material changes to the procedures by which security holders may recommend nominees to the Board during the year ended August 31, 2020.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who beneficially own more than 10% of a registered class of our equity securities to file with the SEC initial statements of beneficial ownership, reports of changes in ownership and annual reports concerning their ownership of our common shares and other equity securities, on Forms 3, 4 and 5 respectively. Executive officers, directors and greater than 10% shareholders are required by the SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based on our review of the copies of such forms received by us, and to the best of our knowledge, all executive officers, directors and persons holding greater than 10% of our issued and outstanding stock have filed the required reports in a timely manner during the fiscal year ended August 31, 2020.

Item 11. Executive Compensation

The following table sets forth certain compensation information for: (i) our principal executive officer or other individual serving in a similar capacity during our fiscal year ended August 31, 2020, (ii) our two most highly compensated executive officers other than our principal executive officers who were serving as executive officers at August 31, 2020 whose compensation exceed \$100,000 and (iii) up to two additional individuals for whom disclosure would have been required but for the fact that the individual was not serving as an executive officer at August 31, 2020. Compensation information is shown for the fiscal years ended August 31, 2020 and 2019

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The following table sets forth information known to us, as of November 30, 2020, relating to the beneficial ownership of shares of common stock by:

- each person who is known by us to be the beneficial owner of more than 5% of the Company's outstanding common stock;
- each director;
- each executive officer; and
- all executive officers and directors as a group.

Under securities laws, a person is considered to be the beneficial owner of securities owned by him (or certain persons whose ownership is attributed to him) or securities that can be acquired by him within 60 days, including upon the exercise of options, warrants or convertible securities. The Company determines a beneficial owner's percentage ownership by assuming that options, warrants and convertible securities that are held by the beneficial owner, but not those held by any other person, and which are exercisable within 60 days, have been exercised or converted.

The Company believes that all persons named in the table have sole voting and investment power with respect to all shares of Common Stock and preferred stock shown as being owned by them. Unless otherwise indicated, the address of each beneficial owner in the table set forth below is care of VISIBER57 Corp., Unit B19, 9/F, Efficiency House, 35 Tai Yau Street, San Po Kong, Kowloon, Hong Kong.

57 Society International Limited ⁽²⁾	6,913,000	52.37%
Kok Low Kau	1,125,000	8.52%

- (1) Includes, where applicable, shares of common stock issuable upon the exercise of warrants and conversion of debt held by such person that may be exercised within 60 days after November 30, 2020. Unless otherwise indicated, we believe that all persons named in the table above have sole voting power and/or investment power with respect to all shares of common stock beneficially, warrants and convertible debt owned by them. Based on 13,200,000 shares of the Company's common stock issued and outstanding on November 30, 2020.
- (2) The number of shares beneficially owned by Mr. Hew includes 6,913,000 shares of common stock owned by 57 Society International Limited ("57 Society"). Mr. Hew has a pecuniary interest in and exercises voting and dispositive control over 100% of the Company's common stock owned by 57 Society.

Item 13. Certain Relationships and Related Transactions and Director Independence

During the year ended August 31, 2020, 57 Society, a company under the common control of Choong Jeng Hew, the Company's Chief Executive Officer, paid \$28,013 of operating expenses and made \$5,990 prepayment on behalf of the Company. As of August 31, 2020 and 2019, we had an outstanding payable to 57 Society in the amount of \$266,003 and \$232,000, respectively, an increase of \$34,003. The payable is unsecured, does not bear interest and is due on demand.

The Company's principal executive offices in Hong Kong, which it shares with its controlling shareholder, 57 Society, are furnished to the Company by 57 Society without any charge.

Policy Regarding Transactions with Related Persons

We do not have a formal, written policy for the review, approval or ratification of transactions between us and any director or executive officer, nominee for director, 5% stockholder or member of the immediate family of any such person that are required to be disclosed under Item 404(a) of Regulation S-K. However, our policy is that any activities, investments or associations of a director or officer that create, or would appear to create, a conflict between the personal interests of such person and our interests must be assessed by our Chief Executive Officer and must be at arms' length.

Item 14. Principal Accounting Fees and Services.

The following table shows the fees that were billed for the audit and other services provided by MaloneBailey, LLP for the fiscal years ended August 31, 2020 and 2019, respectively.

Audit Fees — This category includes the audit of our annual financial statements, review of financial statements included in our Quarterly Reports on Form 10-Q and services that are normally provided by the independent registered public accounting firm in connection with engagements for those fiscal years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements.

Audit-Related Fees — This category consists of assurance and related services by the independent registered public accounting firm that are reasonably related to the performance of the audit or review of our financial statements and are not reported above under "Audit Fees." The services for the fees disclosed under this category include consultation regarding our correspondence with the SEC and other accounting consulting.

Tax Fees — This category consists of professional services rendered by our independent registered public accounting firm for tax compliance and tax advice. The services for the fees disclosed under this category include tax return preparation and technical tax advice.

All Other Fees — This category consists of fees for other miscellaneous items.

Our Board of Directors has adopted a procedure for pre-approval of all fees charged by our independent registered public accounting firm. Under the procedure, the Board approves the engagement letter with respect to audit, tax and review services. Other fees are subject to pre-approval by the Board, or, in the period between meetings, by a designated member of the Board. Any such approval by the designated member is disclosed to the entire Board at the next meeting.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of
VISIBER57 CORP.
Kowloon, Hong Kong

Opinion on the Financial Statements

We have audited the accompanying balance sheets of VISIBER57 CORP. (the "Company") as of August 31, 2020 and 2019, and the related statements of operations, stockholders' deficit, and cash flows for the years then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of August 31, 2020 and 2019, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Going Concern Matter

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

VISIBER57 CORP.
Notes to Financial Statements
August 31, 2020

NOTE 1 - ORGANIZATION AND NATURE OF OPERATIONS

VISIBER57 Corp. (the "Company"), was incorporated in the State of Delaware on December 31, 2013 and established a fiscal year end of August 31. Effective on March 23, 2017, the Company changed its name to VISIBER57 CORP. and its trading symbol to "VCOR" effective April 11, 2017 in connection with its plan to expand its business and rebrand its identity. The Company was engaged in the electronic management and appointment of licensed producers in the insurance industry of the United States.

On August 12, 2016, in connection with the sale of a controlling interest in the Company, Mark W. DeFoor (the "Seller"), the Company's Chief Executive Officer and Director entered into and closed on a Share Purchase Agreement (the "Agreement") with 57 Society International Limited, ("57 Society"), a Hong Kong company, whereby 57 Society purchased from the Seller a total of 5,000,000 shares of the Company's common stock. The Shares acquired represent approximately 94.70% of the issued and outstanding shares of common stock of the Company. Following the closing of the agreement, Mark W. DeFoor resigned from all positions held of the Company and Choong Jeng Hew was appointed as the Chief Executive Officer and President of the Company. The Company then ceased its activities in the electronic management and appointment of licensed producers in the insurance industry and abandoned that business model. The Company is currently seeking new business opportunities or acquisitions.

On March 23, 2017, the Company filed a Certificate of Amendment to its Certificate of Incorporation with the Delaware Secretary of State to change its name to VISIBER57 CORP. and its trading symbol to "VCOR" with an effective date of April 11, 2017 in order to expand its business and rebrand its identity. The Company is currently seeking new business opportunities or acquisitions.

On September 18, 2019, the Company filed a Certificate of Amendment to its Certificate of Incorporation with the Delaware Secretary of State to implement a 2.5-for-1 forward stock split (the "Forward Stock Split") of the Company's issued and outstanding common stock, which became effective on November 8, 2019. Each one (1) share owned by a stockholder was exchanged for two-and-one-half (2.5) shares of common stock, and the number of shares of the Company's common stock issued and outstanding was increased proportionately based on the Forward Stock Split. The number of authorized shares was not adjusted. All issued and outstanding shares and per share amounts in the accompanying historical financial statements have been retroactively adjusted to reflect the Forward Stock Split.

On February 20, 2020, 57 Society International Ltd. transferred 5,587,000 shares of the Company's common stock to individual shareholders. The ownership of 57 Society International Ltd. decreased from 94.70% to 52.37%.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules and regulations of the United States Securities and Exchange Commission.

Going concern

Our financial statements have been prepared assuming that we will continue as a going concern, which contemplates, among other things, the realization of assets and the satisfaction of liabilities in the normal course of business. As reflected in the accompanying financial statements, we had a net loss of \$47,488 and \$68,826 for the fiscal years ended August 31, 2020 and 2019, respectively. The working capital deficit was \$268,958 as of August 31, 2020. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management cannot provide assurance that the Company will ultimately achieve profitable operations or become cash flow positive, or raise additional debt and/or equity capital. The Company is seeking to raise capital through additional debt and/or equity financings to fund its operations in the future. Although the Company has historically raised capital from sales of equity, from related party working capital advances, and from the issuance of promissory notes, there is no assurance that it will be able to continue to do so. If the Company is unable to raise additional capital or secure additional lending in the near future, management expects that the Company will need to curtail its operations. These financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Use of estimates

The preparation of the financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual results could differ from these estimates.

Fair value of financial instruments and fair value measurements

The Company adopted the guidance of Accounting Standards Codification ("ASC") 820 for fair value measurements which clarifies the definition of fair value, prescribes methods for measuring fair value, and establishes a fair value hierarchy to classify the inputs used in measuring fair value as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities available at the measurement date.

Level 2 - Inputs are unadjusted quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, inputs other than quoted prices that are observable, and inputs derived from or corroborated by observable market data.

Level 3 - Inputs are unobservable inputs which reflect the reporting entity' s own assumptions on what assumptions the market participants would use in pricing the asset or liability based on the best available information.

The carrying amounts reported in the balance sheet for prepaid expenses, accounts payable, and amounts due to related party approximate their fair market value based on the short-term maturity of these instruments. The Company did not have any non-financial assets or liabilities that are measured at fair value on a recurring basis as of August 31, 2020 and 2019.

Management believes it is not practical to estimate the fair value of related party payables and due to related party because the transactions cannot be assumed to have been consummated at arm' s length, the terms are not deemed to be market terms, there are no quoted values available for these instruments, and an independent valuation would not be practical due to the lack of data regarding similar instruments, if any, and the associated potential costs.

ASC 825-10 "*Financial Instruments*" allows entities to voluntarily choose to measure certain financial assets and liabilities at fair value (fair value option). The fair value option may be elected on an instrument-by-instrument basis and is irrevocable, unless a new election date occurs. If the fair value option is elected for an instrument, unrealized gains and losses for that instrument should be reported in earnings at each subsequent reporting date. The Company did not elect to apply the fair value option to any outstanding instruments.

Related party

The Company follows ASC 850, Related Party Disclosures, for the identification of related parties and disclosure of related party transactions.

Income taxes

Deferred income tax assets and liabilities arise from temporary differences associated with differences between the financial statements and tax basis of assets and liabilities, as measured by the enacted tax rates, which are expected to be in effect when these differences reverse. Deferred tax assets and liabilities are classified as current or non-current, depending upon the classification of the asset or liabilities to which they relate. Deferred tax assets and liabilities not related to an asset or liability are classified as current or non-current depending on the periods in which the temporary differences are expected to reverse. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

The Company follows the provisions of FASB ASC 740-10 "*Uncertainty in Income Taxes*" (ASC 740-10). Certain recognition thresholds must be met before a tax position is recognized in the financial statements. An entity may only recognize or continue to recognize tax positions that meet a "more-likely-than-not" threshold. As of August 31, 2020, and 2019, the Company does not believe it has any uncertain tax positions that would require either recognition or disclosure in the accompanying financial statements.

Net loss per common share

Basic net loss per common share is computed by dividing net loss by the weighted-average number of common shares outstanding during the period. Diluted net loss per share is computed similar to basic net loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. In periods where losses are reported, the weighted-average number of common stock outstanding excludes common stock equivalents, because their inclusion would be anti-dilutive. At August 31, 2020, and 2019, there were no outstanding common share equivalents.

Recent accounting pronouncements

Management does not believe that any other recently issued, but not yet effective accounting pronouncements, if adopted, would have a material effect on the accompanying financial statements.

NOTE 3 - RELATED PARTY TRANSACTIONS

Our related parties are the following individuals and entities:

Name	Nature of Relationships
Choong Jeng Hew	Company' s Chief Executive Officer, President and Director
Chip Jin Eng	Company' s Chief Financial Officer
57 Society international Limited ("57 Society")	Company' s shareholder and owned by ChoongJeng Hew.

During the fiscal years ended August 31, 2020 and 2019, 57 Society paid \$28,013 and \$46,403 of operating expenses, respectively, and made \$5,990 and \$21,990 prepayment on behalf of the Company, respectively. As of August 31, 2020 and 2019, the Company had an outstanding payable to 57 Society in the amount of \$266,003 and \$232,000, respectively. The payable is unsecured, does not bear interest and is due on demand.

The Company' s principal executive offices in Hong Kong, which it shares with its controlling shareholder, 57 Society, are furnished to the Company by 57 Society without any charge.

NOTE 4 - INCOME TAXES

The Company maintains deferred tax assets and liabilities that reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The deferred tax assets at August 31, 2020 and 2019 consist of net operating loss carryforwards. The net deferred tax asset has been fully offset by a valuation allowance because of the uncertainty of the attainment of future taxable income.

The Company has a deferred tax asset which is summarized as follows at:

	August 31,	
	2020	2019
Deferred Tax Assets:		
Net operating loss carryforward	\$ 61,626	\$ 51,654
Total deferred tax assets before valuation allowance	61,626	51,654
Valuation allowance	(61,626)	(51,654)
Net deferred tax assets	\$ —	\$ —

Additionally, the future utilization of the net operating loss carryforward to offset future taxable income is subject to annual limitations as a result of ownership or business changes that may occur in the future. The Company has not conducted a study to determine the limitations on the utilization of these net operating losses carryforwards. If necessary, the deferred tax assets will be reduced by any carryforward that may not be utilized or expires prior to utilization as a result of such limitations, with a corresponding reduction of the valuation allowance.
