Business Overview

This section includes market and industry data that we have developed from publicly available information; various industry publications and other published industry sources and our internal data and estimates. Although we believe the publications and reports are reliable, we have not independently verified the data. Our internal data, estimates and forecasts are based upon information obtained from trade and business organizations and other contacts in the market in which we operate and our management’s understanding of industry conditions.

As of the date of the preparation of this section, these and other independent government and trade publications cited herein are publicly available on the Internet without charge. Upon request, the Company will also provide copies of such sources cited herein.

Phoenix Plus Corp., a Nevada Corporation, is a company that operates through its wholly owned subsidiary, Phoenix Plus Corp., a Company organized in Labuan, Malaysia. It should be noted that our wholly owned subsidiary, Phoenix Plus Corp., owns 100% of Phoenix Plus International Limited, the operating Hong Kong Company which is described below. All of the previous entities share the same exact business plan.

We have a physical office in Malaysia with address of 2-3 & 2-5 Bedford Business Park, Jalan 2/137B, Batu 5, Jalan Kelang Lama, 58200 Kuala Lumpur, Malaysia which completed renovation in September 2019. The office space is 12,000 square feet and to date the company has spent \$114,263 towards ongoing renovations. These renovations include, but are not strictly limited to, preparing the interior of the office space for the Company’s use, improving functionality, and purchasing new office equipment. Our office space is rented by Phoenix Plus International Limited for a 12 month period from July 1, 2019 to June 30, 2020, for an initial down payment of MYR 13,500 and additional bi-monthly payments in the amount of MYR 4,500 over the course of the lease. The Company had decided to renew the tenancy agreement for another 12 months period at a rental from July 1, 2020 to June 30, 2021 with the landlord. The company has an option to renew after the end of the agreement.

Phoenix Plus Corp, through its Hong Kong subsidiary, is engaged in providing technical consultancy on solar power systems and consultancy on green energy solutions, with an additional focus on the commercialization of a targeted portfolio of solar products (amorphous thin film solar panels and ancillary products) and technologies for a wide range of applications including electrical power production. Our mission is to harness the power of the sun to meet the growing resource demands of sustainable 21st century development

ITEM 1A. RISK FACTORS

Please consider the following risk factors and other information in this prospectus relating to our business before deciding to invest in our common stock.

This offering and any investment in our common stock involves a high degree of risk. You should carefully consider the risks described below and all of the information contained in this prospectus before deciding whether to purchase our common stock. Holders

As of July 31, 2020, we had 331,917,500 shares of our Common Stock par value, \$.0001 issued and outstanding. There were 53 beneficial owners of our Common Stock.

Transfer Agent and Registrar

The transfer agent for our capital stock is VStock Transfer, LLC, with an address at 18, Lafayette Place, Woodmere, New York 11598 and telephone number is +1 (212)828-843.

Penny Stock Regulations

The Securities and Exchange Commission has adopted regulations which generally define "penny stock" to be an equity security that has a market price of less than \$5.00 per share. Our Common Stock, when and if a trading market develops, may fall within the definition of penny stock and be subject to rules that impose additional sales practice requirements on broker-dealers who sell such securities to persons other than established customers and accredited investors (generally those with assets in excess of \$1,000,000, or annual incomes exceeding \$200,000 individually, or \$300,000, together with their spouse).

For transactions covered by these rules, the broker-dealer must make a special suitability determination for the purchase of such securities and have received the purchaser's prior written consent to the transaction. Additionally, for any transaction, other than exempt transactions, involving a penny stock, the rules require the delivery, prior to the transaction, of a risk disclosure document mandated by the Securities and Exchange Commission relating to the penny stock market. The broker-dealer also must disclose the commissions payable to both the broker-dealer and the registered representative, current quotations for the securities and, if the broker-dealer is the sole market-maker, the broker-dealer must disclose this fact and the broker-dealer's presumed control over the market. Finally, monthly statements must be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny stocks. Consequently, the "penny stock" rules may restrict the ability of broker-dealers to sell our Common Stock and may affect the ability of investors to sell their Common Stock in the secondary market.

In addition to the "penny stock" rules promulgated by the Securities and Exchange Commission, the Financial Industry Regulatory Authority ("FINRA") has adopted rules that require that in recommending an investment to a customer, a broker-dealer must have reasonable grounds for believing that the investment is suitable for that customer. Prior to recommending speculative low priced securities to their non-institutional customers, broker-dealers must make reasonable efforts to obtain information about the customer's financial status, tax status, investment objectives and other information. Under interpretations of these rules, FINRA believes that there is a high probability that speculative low-priced securities will not be suitable for at least some customers. The FINRA requirements make it more difficult for broker-dealers to recommend that their customers buy our common stock, which may limit the investors' ability to buy and sell our stock.

Dividend Policy

Any future determination as to the declaration and payment of dividends on shares of our Common Stock will be made at the discretion of our board of directors out of funds legally available for such purpose. We are under no obligations or restrictions to declare or pay dividends on our shares of Common Stock. In addition, we currently have no plans to pay such dividends. Our board of directors currently intends to retain all earnings for use in the business for the foreseeable future.

Equity Compensation Plan Information

Currently, there is no equity compensation plan in place.

Unregistered Sales of Equity Securities

Currently, there is no unregistered sales of equity securities.

Purchases of Equity Securities by the Registrant and Affiliated Purchasers

We have not repurchased any shares of our common stock during the fiscal year ended July 31, 2020.

ITEM 6. SELECTED FINANCIAL DATA

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and results of operations should be read in conjunction with our audited consolidated financial statements and the notes to those financial statements appearing elsewhere in this Report.

Certain statements in this Report constitute forward-looking statements. These forward-looking statements include statements, which involve risks and uncertainties, regarding, among other things, (a) our projected sales, profitability, and cash flows, (b) our growth strategy, (c) anticipated trends in our industry, (d) our future financing plans, and (e) our anticipated needs for, and use of, working capital. They are generally identifiable by use of the words "may," "will," "should," "anticipate," "estimate," "plan," "potential," "project," "continuing," "ongoing," "expects," "management believes," "we believe," "we intend," or the negative of these words or other variations on these words or comparable terminology. In light of these risks and uncertainties, there can be no assurance that the forward-looking statements contained in this filing will in fact occur. You should not place undue reliance on these forward-looking statements.

The forward-looking statements speak only as of the date on which they are made, and, except to the extent required by federal securities laws, we undertake no obligation to update any forward-looking statements to reflect events or circumstances after the date on which the statements are made or to reflect the occurrence of unanticipated events.

Critical Accounting Policies and Estimates

Basis of presentation

The consolidated financial statements for Phoenix Plus Corp. and its subsidiaries for the year ended July 31, 2020 is prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP") and include the accounts of Phoenix Plus Corp. and its wholly owned subsidiaries, Phoenix Plus Corp. and Phoenix Plus International Limited. Intercompany accounts and transactions have been eliminated on consolidation. The Company has adopted July 31 as its fiscal year end.

Basis of consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries. All inter-company accounts and transactions have been eliminated upon consolidation.

Use of estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with US GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities in the balance sheets, and the reported revenue and expenses during the year reported. Actual results may differ from these estimates.

Cash and cash equivalents

Cash and cash equivalents are carried at cost and represent cash on hand, demand deposits placed with banks or other financial institutions and all highly liquid investments with an original maturity of three months or less as of the purchase date of such investments.

Revenue recognition

In accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 606, *Revenue from Contracts*. ASC 606 creates a five-step model that requires entities to exercise judgment when considering the terms of contracts, which includes (1) identifying the contracts or agreements with a customer, (2) identifying our performance obligations in the contract or agreement, (3) determining the transaction price, (4) allocating the transaction price to the separate performance obligations, and (5) recognizing revenue as each performance obligation is satisfied. The Company only applies the five-step model to contracts when it is probable that the Company will collect the consideration it is entitled to in exchange for the services it transfers to its clients.

Revenue is measured at the fair value of the consideration received or receivable, net of discounts and taxes applicable to the revenue. The Company derives its revenue from provision of technical consultancy on solar power system and consultancy on green energy solution.

Cost of revenue

Cost of revenue includes the cost of services in providing business mentoring, nurturing, incubating and corporate development advisory services

Income taxes

Income taxes are determined in accordance with the provisions of ASC Topic 740, "*Income Taxes*" ("ASC Topic 740"). Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted income tax rates expected to apply to taxable income in the year in which those temporary differences are expected to be recovered or settled. Any effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the year that includes the enactment date.

ASC 740 prescribes a comprehensive model for how companies should recognize, measure, present, and disclose in their financial statements uncertain tax positions taken or expected to be taken on a tax return. Under ASC 740, tax positions must initially be recognized in the financial statements when it is more likely than not the position will be sustained upon examination by the tax authorities. Such tax positions must initially and subsequently be measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the tax authority assuming full knowledge of the position and relevant facts.

Net income/(loss) per share

The Company calculates net income/(loss) per share in accordance with ASC Topic 260, “*Earnings per Share*.” Basic income/(loss) per share is computed by dividing the net income/(loss) by the weighted-average number of common shares outstanding during the year. Diluted income per share is computed similar to basic income/(loss) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common stock equivalents had been issued and if the additional common shares were dilutive.

Foreign currencies translation

Transactions denominated in currencies other than the functional currency are translated into the functional currency at the exchange rates prevailing at the dates of the transaction. Monetary assets and liabilities denominated in currencies other than the functional currency are translated into the functional currency using the applicable exchange rates at the balance sheet dates. The resulting exchange differences are recorded in the statements of operations.

The reporting currency of the Company is United States Dollars (“US\$”). The Company’s subsidiary in Labuan and Hong Kong maintains its books and record in United States Dollars (“US\$”) respectively, and Ringgits Malaysia (“MYR”) is functional currency as being the primary currency of the economic environment in which the entity operates.

In general, for consolidation purposes, assets and liabilities of its subsidiary whose functional currency is not the US\$ are translated into US\$, in accordance with ASC Topic 830-30, “*Translation of Financial Statement*”, using the exchange rate on the balance sheet date. Revenues and expenses are translated at average rates prevailing during the year. The gains and losses resulting from translation of financial statements of foreign subsidiary are recorded as a separate component of accumulated other comprehensive income within the statement of stockholders’ equity.

Translation of amounts from MYR into US\$1 and HK\$ into US\$1 has been made at the following exchange rates for the respective year:

	As of and for the year ended July 31,	
	2020	2019
Year-end RM : US\$1 exchange rate	4.24	4.12
Year-average RM: US\$1 exchange rate	4.22	4.13
Year-end HK\$: US\$1 exchange rate	7.75	7.83
Year-average HK\$: US\$1 exchange rate	7.14	7.84

Related parties

Parties, which can be a corporation or individual, are considered to be related if the Company has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Companies are also considered to be related if they are subject to common control or common significant influence.

Fair value of financial instruments:

The carrying value of the Company’s financial instruments: cash and cash equivalents, accounts payable and accrued liabilities, and amount due to a director approximate at their fair values because of the short-term nature of these financial instruments.

The Company also follows the guidance of the ASC Topic 820-10, “Fair Value Measurements and Disclosures” (“ASC 820-10”), with respect to financial assets and liabilities that are measured at fair value. ASC 820-10 establishes a three-tier fair value hierarchy that prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

Recent accounting pronouncements

FASB issues various Accounting Standards Updates relating to the treatment and recording of certain accounting transactions. On June 10, 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2014-10, *Development Stage Entities* (Topic 915) Elimination of Certain Financial Reporting Requirements, including an Amendment to Variable Interest

Entities Guidance in Topic 810, *Consolidation*, which eliminates the concept of a development stage entity (DSE) entirely from current accounting guidance. The Company has elected adoption of this standard, which eliminates the designation of DSEs and the requirement to disclose results of operations and cash flows since inception.

The Company has reviewed all recently issued, but not yet effective, accounting pronouncements and do not believe the future adoption of any such pronouncements may be expected to cause a material impact on its financial condition or the results of its operations.

Off-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934 and are not required to provide the information under this item.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The financial statements required by this item are located in PART IV of this Annual Report.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosures Control and Procedures

We carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of July 31, 2020. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer and our Chief Financial Officer. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of July 31, 2020, our disclosure controls and procedures were not effective due to the presence of material weaknesses in internal control over financial reporting.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis. Management has identified the following material weaknesses which have caused management to conclude that, as of July 31, 2020, our disclosure controls and procedures were not effective: (i) inadequate segregation of duties and effective risk assessment; and (ii) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of both US GAAP and SEC guidelines.

Changes in internal controls over financial reporting

There were no changes in our internal control over financial reporting during the quarter ended July 31, 2020, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Our executive officer's and director's and their respective ages as of the date hereof are as follows:

NAME	AGE	POSITION
Fong Teck Kheong	52	Chief Executive Officer, President, Secretary, Treasurer, Director
Kong Kok King	43	Chief Technology Officer

Set forth below is a brief description of the background and business experience of our executive officer and director for the past five years.

Fong Teck Kheong – President, Chief Executive Officer, Secretary, Treasurer, Director

Mr Fong started off his career as a trader in 1989. In 1992, he then joined Juara Konsep Marketing Sdn. Bhd, as a marketing manager to manage and market the products and services of the company. In 1998, Mr Fong resigned from Juara Konsep Marketing Sdn. Bhd and started his own cookware and healthcare equipment trading business, Phoenix Century Enterprise, and remained with the company until his resignation in 2007. Also in 1998, he also established, and remains with to this day, Multi Mutual Charity Association, a Non-Profit Organization (NGO) that provides daily necessities for monthly aid distribution to women and children. The association supported more than 500 hundred single mother family during the period from 1998 to 2012.

Mr Fong was awarded The Outstanding Young Malaysia Award for his contribution to children, world peace and human rights in 2007. In 2015, Mr. Fong founded Phoenix Plus Properties Sdn Bhd, formerly known as Googoplex Sk Sdn Bhd, with full swing involve in the real estate business. The company's business plan involves project sales and sub sales, and has since accumulated turnover of up to RM260 millions. He has been the Managing Director of the company from 2015 to present.

Kong Kok King – Chief Technology Officer

Mr. Kong Kok King graduated from Multimedia University, Malaysia in 1998 with a Degree in Engineering (Hons) -Electronic and Electrical. In 2004, he graduated from Tokyo University Graduate School of Information Science & Technology with a Master's Degree in Information and Communication Engineering.

In 2007, he founded and remains with today, EcoSensa Technologies Sdn Bhd, a company focused on ecosystem sensor technologies such as RFID, Industrial 4.0 automation, Internet of Things (IoT) and smart cities. In 2015, he was appointed as the director of MAQO Technologies (M) Sdn Bhd and MAQO Engineering Sdn Bhd (hereafter referred as "MAQO Group"), which focuses on providing solar energy products, installation services and solutions to both residential and commercial properties in Malaysia. MAQO Group is also engaged in providing Renewable Energy solutions, turnkey project management and EPCC (Engineering, Procurement, Construction, Commissioning) services to Large Scale Solar Farm and Commercial & Industrial Roof Top Projects. He remains as a Director of both companies to this day.

In 2017, he was appointed as the Vice President of Malaysian Photovoltaic Industry Association (MPIA), a position he held until his resignation in 2018. The Malaysian Photovoltaic Industry Association is a non-profit organization representing the Malaysian solar industry dedicated to the promotion of solar energy. From 2019 to present, he has held the position of Director of Hager + Elsaesser Sdn Bhd (HESB), a subsidiary of Hager + Elsässer (H+E GmbH, Germany), an advanced technology and processes provider for holistic water management, specializing in industrial process water treatment and wastewater treatment.

Corporate Governance

The Company promotes accountability for adherence to honest and ethical conduct; endeavors to provide full, fair, accurate, timely and understandable disclosure in reports and documents that the Company files with the Securities and Exchange Commission (the “SEC”) and in other public communications made by the Company; and strives to be compliant with applicable governmental laws, rules and regulations. The Company has not formally adopted a written code of business conduct and ethics that governs the Company’s employees, officers and Directors as the Company is not required to do so.

In lieu of an Audit Committee, the Company’s Board of Directors, is responsible for reviewing and making recommendations concerning the selection of outside auditors, reviewing the scope, results and effectiveness of the annual audit of the Company’s financial statements and other services provided by the Company’s independent public accountants. The Board of Directors, the Chief Executive Officer and the Chief Financial Officer of the Company review the Company’s internal accounting controls, practices and policies.

Committees of the Board

Our Company currently does not have nominating, compensation, or audit committees or committees performing similar functions nor does our Company have a written nominating, compensation or audit committee charter. Our Directors believes that it is not necessary to have such committees, at this time, because the Director(s) can adequately perform the functions of such committees.

Audit Committee Financial Expert

Our Board of Directors has determined that we do not have a board member that qualifies as an “audit committee financial expert” as defined in Item 407(D)(5) of Regulation S-K, nor do we have a Board member that qualifies as “independent” as the term is used in Item 7(d)(3)(iv)(B) of Schedule 14A under the Securities Exchange Act of 1934, as amended, and as defined by Rule 4200(a) (14) of the FINRA Rules.

We believe that our Director(s) are capable of analyzing and evaluating our financial statements and understanding internal controls and procedures for financial reporting. The Director(s) of our Company does not believe that it is necessary to have an audit committee because management believes that the Board of Directors can adequately perform the functions of an audit committee. In addition, we believe that retaining an independent Director who would qualify as an “audit committee financial expert” would be overly costly and burdensome and is not warranted in our circumstances given the stage of our development and the fact that we have not generated any positive cash flows from operations to date.

Involvement in Certain Legal Proceedings

Our Directors and our Executive officers have not been involved in any of the following events during the past ten years:

1. bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
2. any conviction in a criminal proceeding or being subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);
3. being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining, barring, suspending or otherwise limiting his/her involvement in any type of business, securities or banking activities; or
4. being found by a court of competent jurisdiction (in a civil action), the Commission or the Commodity Futures Trading Commission to have violated a federal or state securities or commodities law, and the judgment has not been reversed, suspended, or vacated.

5. Such person was found by a court of competent jurisdiction in a civil action or by the Commission to have violated any Federal or State securities law, and the judgment in such civil action or finding by the Commission has not been subsequently reversed, suspended, or vacated;
6. Such person was found by a court of competent jurisdiction in a civil action or by the Commodity Futures Trading Commission to have violated any Federal commodities law, and the judgment in such civil action or finding by the Commodity Futures Trading Commission has not been subsequently reversed, suspended or vacated;
7. Such person was the subject of, or a party to, any Federal or State judicial or administrative order, judgment, decree, or finding, not subsequently reversed, suspended or vacated, relating to an alleged violation of:(i) Any Federal or State securities or commodities law or regulation; or(ii) Any law or regulation respecting financial institutions or insurance companies including, but not limited to, a temporary or permanent injunction, order of disgorgement or restitution, civil money penalty or temporary or permanent cease-and-desist order, or removal or prohibition order; or(iii) Any law or regulation prohibiting mail or wire fraud or fraud in connection with any business entity; or
8. Such person was the subject of, or a party to, any sanction or order, not subsequently reversed, suspended or vacated, of any self-regulatory organization (as defined in Section 3(a)(26) of the Exchange Act (15 U.S.C. 78c(a)(26))), any registered entity (as defined in Section 1(a)(29) of the Commodity Exchange Act (7 U.S.C. 1(a)(29))), or any equivalent exchange, association, entity or organization that has disciplinary authority over its members or persons associated with a member.

Independence of Directors

We are not required to have independent members of our Board of Directors, and do not anticipate having independent Directors until such time as we are required to do so.

Code of Ethics

We have not adopted a formal Code of Ethics. The Board of Directors evaluated the business of the Company and the number of employees and determined that since the business is operated by a small number of persons, general rules of fiduciary duty and federal and state criminal, business conduct and securities laws are adequate ethical guidelines. In the event our operations, employees and/or Directors expand in the future, we may take actions to adopt a formal Code of Ethics.

Shareholder Proposals

Our Company does not have any defined policy or procedural requirements for shareholders to submit recommendations or nominations for Directors. The Board of Directors believes that, given the stage of our development, a specific nominating policy would be premature and of little assistance until our business operations develop to a more advanced level. Our Company does not currently have any specific or minimum criteria for the election of nominees to the Board of Directors and we do not have any specific process or procedure for evaluating such nominees. The Board of Directors will assess all candidates, whether submitted by management or shareholders, and make recommendations for election or appointment.

A shareholder who wishes to communicate with our Board of Directors may do so by directing a written request addressed to our President, at the address appearing on the first page of this Information Statement.

ITEM 11. EXECUTIVE COMPENSATION

The following table sets forth information concerning the compensation of our Chief Executive Officer, and the executive officers who served at the end of the year July 31, 2020, for services rendered in all capacities to us.

Narrative Disclosure to Summary Compensation Table

There are no arrangements or plans in which we provide pension, retirement or similar benefits for directors or executive officers. Our directors and executive officers may receive stock options at the discretion of our board of directors in the future. We do not have any material bonus or profit sharing plans pursuant to which cash or non-cash compensation is or may be paid to our directors or executive officers, except that stock options may be granted at the discretion of our board of directors from time to time. We have no plans or arrangements in respect of remuneration received or that may be received by our executive officers to compensate such officers in the event of termination of employment (as a result of resignation, retirement, change of control) or a change of responsibilities following a change of control.

Stock Option Grants

We have not granted any stock options to our executive officers since our incorporation.

Employment Agreements

We do not have an employment or consulting agreement with any officers or Directors.

Compensation Discussion and Analysis

Director Compensation

Our Board of Directors does not currently receive any consideration for their services as members of the Board of Directors. The Board of Directors reserves the right in the future to award the members of the Board of Directors cash or stock based consideration for their services to the Company, which awards, if granted shall be in the sole determination of the Board of Directors.

Executive Compensation Philosophy

Our Board of Directors determines the compensation given to our executive officers in their sole determination. Our Board of Directors reserves the right to pay our executive or any future executives a salary, and/or issue them shares of common stock in consideration for services rendered and/or to award incentive bonuses which are linked to our performance, as well as to the individual executive officer's performance. This package may also include long-term stock based compensation to certain executives, which is intended to align the performance of our executives with our long-term business strategies. Additionally, while our Board of Directors has not granted any performance base stock options to date, the Board of Directors reserves the right to grant such options in the future, if the Board in its sole determination believes such grants would be in the best interests of the Company.

Incentive Bonus

The Board of Directors may grant incentive bonuses to our executive officer and/or future executive officers in its sole discretion, if the Board of Directors believes such bonuses are in the Company's best interest, after analyzing our current business objectives and growth, if any, and the amount of revenue we are able to generate each month, which revenue is a direct result of the actions and ability of such executives.

Long-term, Stock Based Compensation

In order to attract, retain and motivate executive talent necessary to support the Company's long-term business strategy we may award our executive and any future executives with long-term, stock-based compensation in the future, at the sole discretion of our Board of Directors, which we do not currently have any immediate plans to award.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

As of July 31, 2020, the Company has 331,917,500 shares of common stock issued and outstanding, which number of issued and outstanding shares of common stock have been used throughout this report.

The following table sets forth, as of July 31, 2020, certain information with regard to the record and beneficial ownership of the Company's common stock by (i) each person known to the Company to be the record or beneficial owner of more than 5% of the Company's common stock, (ii) each director of the Company, (iii) each of the named executive officers, and (iv) all executive officers and directors of the Company as a group:

Name and Address of Beneficial Owner	Shares of Common Stock Beneficially Owned	Common Stock Voting Percentage Beneficially Owned	Total Voting Percentage Beneficially Owned
<u>Executive Officers and Directors</u>

How Kok Choong ²	26,250,000	7.91%	7.91%

¹ Fong Teck Kheong owns 100% of the issued and outstanding shares of Phoenix Plus Holding Sdn Bhd. and 50% of the issued and outstanding shares of H&D Holding Sdn Bhd, therefore, the table above includes the share ownership of Phoenix Plus Holding Sdn Bhd and H&D Holding Sdn Bhd with Mr. Fong Teck Kheong collectively, in the row of Mr. Fong

² How Kok Choong is a controlling shareholder of Agape ATP Corporation and owns 50% of the issued and outstanding shares of H&D Holding Sdn Bhd, therefore, the table above includes the share ownership of Agape ATP Corporation and H&D Holding Sdn Bhd with Mr. How Kok Choong collectively, in the row of Mr. How.

Beneficial ownership has been determined in accordance with Rule 13d-3 under the Exchange Act. Under this rule, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire shares (for example, upon exercise of an option or warrant) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person by reason of such acquisition rights. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date.

(1) Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. Beneficial ownership also includes shares of stock subject to options and warrants currently exercisable or exercisable within 60 days of the date of this table. In determining the percent of common stock owned by a person or entity as of the date of this Report, (a) the numerator is the number of shares of the class beneficially owned by such person or entity, including shares which may be acquired within 60 days on exercise of warrants or options and conversion of convertible securities, and (b) the denominator is the sum of (i) the total shares of common stock outstanding on as of the date of this Annual Report (92,176,667 shares), and (ii) the total number of shares that the beneficial owner may acquire upon exercise of the derivative securities. Unless otherwise stated, each beneficial owner has sole power to vote and dispose of its shares.

(2) Based on the total issued and outstanding shares of 331,917,500 as of the date of this Annual Report.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, DIRECTOR INDEPENDENCE

On November 5, 2018, Mr. Fong Teck Kheong was appointed as Chief Executive Officer, President, Secretary, Treasurer and a member of our Board of Directors.

On November 5, 2018, the Company issued 100,000 shares of restricted common stock, with a par value of \$0.0001 per share, to Mr. Fong Teck Kheong for initial working capital of \$10.

On March 18, 2019, we, “the Company” acquired 100% of the equity interests in Phoenix Plus Corp. (herein referred as the “Malaysia Company”), a private limited company incorporated in Labuan, Malaysia, from Mr. Fong Teck Kheong, our Officer and Director in consideration of \$100.

On March 25, 2019, the Company issued 119,900,000 shares of restricted common stock, with a par value of \$0.0001 per share, to Mr. Fong Teck Kheong for additional working capital of \$11,990.

In regards to all of the above transactions we claim an exemption from registration afforded by Section 4a(2) and/or Regulation S of the Securities Act of 1933, as amended (“Regulation S”) due to the fact that all sales of stock were made to non-U.S. persons (as defined under Rule 902 section (k)(2)(i) of Regulation S), pursuant to offshore transactions, and no directed selling efforts were made in the United States by the issuer, a distributor, any of their respective affiliates, or any person acting on behalf of any of the foregoing.

Our Chief Executive Officer Mr. Fong Teck Kheong founded and continues to operate Phoenix Plus Properties Sdn Bhd. From time to time Mr. Fong, through his involvement with Phoenix Plus Properties Sdn Bhd, may promote, and/or advertise, business activities of Phoenix Plus Corp., or any of its subsidiaries.

Review, Approval and Ratification of Related Party Transactions

Given our small size and limited financial resources, we have not adopted formal policies and procedures for the review, approval or ratification of transactions, such as those described above, with our executive officer(s), Director(s) and significant stockholders. We intend to establish formal policies and procedures in the future, once we have sufficient resources and have appointed additional Directors, so that such transactions will be subject to the review, approval or ratification of our Board of Directors, or an appropriate committee thereof. On a moving forward basis, our Directors will continue to approve any related party transaction.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of Phoenix Plus Corp.

17/F, The Workstation,
43-45, Lyndhurst Terrace,
Central, Hong Kong.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Phoenix Plus Corp. (the ‘Company’) as of July 31, 2020 and July 31, 2019, and the related consolidated statements of operation and comprehensive, stockholders’ equity, and cash flows for the each of two years in the year ended of July 31, 2020 and July 31, 2019, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as July 31, 2020 and July 31, 2019, and the results of its operations and its cash flows for each of two years in the year ended July 31, 2020 and July 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about its ability to continue as a going concern. Management’s plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

We have served as the Company’s auditor since 2019.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JULY 31, 2020 AND 2019
(Currency expressed in United States Dollars (“US\$”), except for number of shares)

1. DESCRIPTION OF BUSINESS AND ORGANIZATION

Phoenix Plus Corp. was incorporated on November 5, 2018 under the laws of the state of Nevada.

The Company, through its subsidiaries, engaged in providing technical consultancy on solar power system and consultancy on green energy solution, and also focused on the commercialization of a targeted portfolio of solar products (amorphous thin film solar panels and ancillary products) and technologies for a wide range of applications including electrical power production.

On March 18, 2019, the Company acquired 100% of the equity interests in Phoenix Plus Corp. (herein referred as the “Malaysia Company”), a private limited company incorporated in Labuan, Malaysia.

On July 25, 2019, Phoenix Plus Corp., a Malaysia Company acquired Phoenix Plus International Limited (herein referred as the “Hong Kong Company”), a private limited company incorporated in Hong Kong.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying consolidated financial statements reflect the application of certain significant accounting policies as described in this note and elsewhere in the accompanying consolidated financial statements and notes.

Going Concern

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. As reflected in the accompanying financial statements, for the year ended July 31, 2020, the Company suffered an accumulated deficit of \$812,445 and net loss of \$797,020. These factors raise substantial doubt about the Company’s ability to continue as a going concern within one year of the date that the financial statements are issued. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

The Company’s ability to continue as a going concern is dependent upon improving its profitability and the continuing financial support from its shareholders. Management believes the existing shareholders or external financing will provide the additional cash to meet the Company’s obligations as they become due. No assurance can be given that any future financing, if needed, will be available or, if available, that it will be on terms that are satisfactory to the Company. Even if the Company is able to obtain additional financing, if needed, it may contain undue restrictions on its operations, in the case of debt financing, or cause substantial dilution for its stock holders, in the case of equity financing.

Basis of presentation

The consolidated financial statements for Phoenix Plus Corp. and its subsidiaries for the year ended July 31, 2020 is prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”) and include the accounts of Phoenix Plus Corp. and its wholly owned subsidiaries, Phoenix Plus Corp. and Phoenix Plus International Limited. Intercompany accounts and transactions have been eliminated on consolidation. The Company has adopted July 31 as its fiscal year end.

Basis of consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries in which the Company is the primary beneficiary. All inter-company accounts and transactions have been eliminated upon consolidation.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JULY 31, 2020 AND 2019

Use of estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with US GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities in the balance sheets, and the reported revenue and expenses during the year reported. Actual results may differ from these estimates.

Revenue recognition

In accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 606, *Revenue from Contracts*. ASC 606 creates a five-step model that requires entities to exercise judgment when considering the terms of contracts, which includes (1) identifying the contracts or agreements with a customer, (2) identifying our performance obligations in the contract or agreement, (3) determining the transaction price, (4) allocating the transaction price to the separate performance obligations, and (5) recognizing revenue as each performance obligation is satisfied. The Company only applies the five-step model to contracts when it is probable that the Company will collect the consideration it is entitled to in exchange for the services it transfers to its clients.

Revenue is measured at the fair value of the consideration received or receivable, net of discounts and taxes applicable to the revenue. The Company derives its revenue from provision of technical consultancy on solar power system and consultancy on green energy solution

Cost of revenue

Cost of revenue includes the cost of services and product in providing business mentoring, nurturing, incubating and corporate development advisory services

Cash and cash equivalents

Cash and cash equivalents are carried at cost and represent cash on hand, demand deposits placed with banks or other financial institutions and all highly liquid investments with an original maturity of three months or less as of the purchase date of such investments.

Property, Plant and equipment

Property, Plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation is calculated on the straight-line basis over the following expected useful lives from the date on which they become fully operational:

Categories	Estimated useful life
Leasehold improvement	21 months (over remaining lease term)

Expenditures for maintenance and repairs are expensed as incurred. The gain or loss on the disposal of plant and equipment is the difference between the net sales proceeds and the carrying amount of the relevant assets and is recognized in the statement of operations

Income taxes

The provision of income taxes is determined in accordance with the provisions of ASC Topic 740, “Income Taxes” (“ASC 740”). Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted income tax rates expected to apply to taxable income in the year in which those temporary differences are expected to be recovered or settled. Any effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the year that includes the enactment date.

ASC 740 prescribes a comprehensive model for how companies should recognize, measure, present, and disclose in their financial statements uncertain tax positions taken or expected to be taken on a tax return. Under ASC 740, tax positions must initially be recognized in the financial statements when it is more likely than not the position will be sustained upon examination by the tax authorities. Such tax positions must initially and subsequently be measured as the largest amount of tax benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the tax authority assuming full knowledge of the position and relevant facts.

Net income/(loss) per share

The Company calculates net loss per share in accordance with ASC Topic 260 “*Earnings per share*”. Basic loss per share is computed by dividing the net loss by the weighted average number of common shares outstanding during the year. Diluted loss per share is computed similar to basic loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common stock equivalents had been issued and if the additional common shares were dilutive.

Foreign currencies translation

Transactions denominated in currencies other than the functional currency are translated into the functional currency at the exchange rates prevailing at the dates of the transaction. Monetary assets and liabilities denominated in currencies other than the functional currency are translated into the functional currency using the applicable exchange rates at the balance sheet dates. The resulting exchange differences are recorded in the statements of operations.

The reporting currency of the Company is United States Dollars (“US\$”). The Company’s subsidiary in Labuan and Hong Kong maintains its books and record in United States Dollars (“US\$”) respectively, and Ringgits Malaysia (“RM”) is functional currency as being the primary currency of the economic environment in which the entity operates.

In general, for consolidation purposes, assets and liabilities of its subsidiary whose functional currency is not the US\$ are translated into US\$, in accordance with ASC Topic 830-30, “*Translation of Financial Statement*”, using the exchange rate on the balance sheet date. Revenues and expenses are translated at average rates prevailing during the year. The gains and losses resulting from translation of financial statements of foreign subsidiary are recorded as a separate component of accumulated other comprehensive income within the statement of stockholders’ equity.

Translation of amounts from RM into US\$1 and HK\$ into US\$1 has been made at the following exchange rates for the respective years:

	As of and for the year ended July 31,	
	2020	2019
Year-end RM : US\$1 exchange rate	4.24	4.12
Year-average RM: US\$1 exchange rate	4.22	4.13
Year-end HK\$: US\$1 exchange rate	7.75	7.83
Year-average HK\$: US\$1 exchange rate	7.14	7.84

Related parties

Parties, which can be a corporation or individual, are considered to be related if the Company has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Companies are also considered to be related if they are subject to common control or common significant influence.

PHOENIX PLUS CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Fair value of financial instruments:

The carrying value of the Company’s financial instruments: cash and cash equivalents, prepayment, deposits, accounts payable and accrued liabilities and amount due to a director approximate at their fair values because of the short-term nature of these financial instruments.

The Company also follows the guidance of the ASC Topic 820-10, “Fair Value Measurements and Disclosures” (“ASC 820-10”), with respect to financial assets and liabilities that are measured at fair value. ASC 820-10 establishes a three-tier fair value hierarchy that prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

Leases

Prior to August 1, 2019, the Company accounted for leases under ASC 840, *Accounting for Leases*. Effective August 1, 2019, the Company adopted the guidance of ASC 842, *Leases*, which requires an entity to recognize a right-of-use asset and a lease liability for virtually all leases. The implementation of ASC 842 did not have a material impact on the Company’s consolidated financial statements and did not have a significant impact on our liquidity. The Company adopted ASC 842 using a modified retrospective approach. As a result, the comparative financial information has not been updated and the required disclosures prior to the date of adoption have not been updated and continue to be reported under the accounting standards in effect for those years. (see Note 12)

Recent accounting pronouncements

ASB issues various Accounting Standards Updates relating to the treatment and recording of certain accounting transactions. On June 10, 2014, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2014-10, Development Stage Entities (Topic 915) Elimination of Certain Financial Reporting Requirements, including an Amendment to Variable Interest Entities Guidance in Topic 810, Consolidation, which eliminates the concept of a development stage entity (DSE) entirely from current accounting guidance. The Company has elected adoption of this standard, which eliminates the designation of DSEs and the requirement to disclose results of operations and cash flows since inception.

The Company has reviewed all recently issued, but not yet effective, accounting pronouncements and do not believe the future adoption of any such pronouncements may be expected to cause a material impact on its financial condition or the results of its operations.
