FORWARD-LOOKING STATEMENTS

Statements made in this Form 10-K that are not historical or current facts are "forward-looking statements" made pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933 (the "Act") and Section 21E of the Securities Exchange Act of 1934. These statements often can be identified by the use of terms such as "may", "will", "expect", "believe", "anticipate", "estimate", "approximate" or "continue", or the negative thereof. We intend that such forward-looking statements be subject to the safe harbors for such statements. We wish to caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. Any forward-looking statements represent management's best judgment as to what may occur in the future. However, forward-looking statements are subject to risks, uncertainties and important factors beyond our control that could cause actual results and events to differ materially from historical results of operations and events and those presently anticipated or projected. We disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statement or to reflect the occurrence of anticipated or unanticipated events.

Financial information contained in this report and in our financial statements is stated in United States dollars and are prepared in accordance with United States generally accepted accounting principles.

DESCRIPTION OF BUSINESS

General

Bigeon is a Nevada corporation that is developing a new kind of messenger application. The product of the Company ("the App") is intended to provide an entirely new way of sharing information. The App enables a user to draw a picture or a writing instead of typing the whole message.

After the user finishes drawing, it will either be converted to a regular message using the handwriting mechanism or it will be sent as a graffiti. The Company's product is intended for all sorts of graphic and drawing purposes. The App will be designed to provide technological solutions to a broad range of companies, individual brands, enterprises, and organizations in international markets. Our intended users will be the people whose jobs are connected with drawing and creating graphic animation. Bigeon's product will be an appropriate tool to make short sketches on the go and share them with others. It also simplifies the process of creating a message as you do not longer need to use you both hands. The App is going to have a built-in graphic input field with variable size and a variety of instruments for drawing a picture unique and recognizable. Bigeon's intended product is planned to represent a whole new kind of graphic solution allowing its users to prepare and share sketches from anywhere.

We are planning to generate revenue in this business by:

- o spreading the App by means of digital distribution platforms for mobile and computer software such as AppStore, Google Play and similar;
- o offering in-app purchases that will expand the number of available functions for creating graphics;
- o distributing customized versions of the product per request of entities specialized in computer design and graphics;
- o delivering and updating the content of our product using a suite of advanced media, content and network management software products.

These activities generate revenue through: experience design, content development and production, software development, engineering, implementation, software license fees; and maintenance and support services related to our software.

We believe that the adoption and evolution of graphic technologies will increase substantially in years to come both in the industries on which we currently focus and in others. We also believe that adoption of our solutions depends not only upon the solutions that we provide but also depends heavily upon the diversity of the similar products made by other companies. Unlike the opponents we are going to consider all the feedback that we receive in order to fit all the requirements of our users and provide the most suitable functionality.

Corporate Organization

Our principal office is located at Manesova 345/13 Ceske Budejovice 6, 370 01 Ceske Budejovice, Czech Republic. Our telephone number is +420234768135.

The legal entity that is the registrant was originally incorporated and organized as a Nevada corporation under the name Bigeon on June 19, 2018. Our business focuses on the provision of solutions in graphic software field, specifically in provision of an application with the opportunity of graphic input.

Industry Background

Over approximately the past 24 months, we believe certain graphic industry trends are creating the opportunity for IT brands, computer graphic enterprises and numerous of other businesses. These trends include: (i) the expectations of potential users; (ii) addressing online competitors by improving media experiences; (iii) accelerating decline in the cost of software; (iv) the increasing sophistication of social networking platforms; (v) increasingly complex customer requirements related to their specific graphic technology and solution objectives; and (vi) customers challenging service providers with the delivery of a satisfactory consumer experience.

As a result, a growing number of brand and other organizations have identified the need and opportunity to implement increasingly cost-effective and “sales-lifting” graphic, and interactive experiences to market to their users. These include creating unique and customized experiences for targeted, timely offerings and relevant promotions and improving engagement resulting in increased sales. We believe our clients consider capitalizing on these industry trends to be increasingly critical to any successful brand sales environment.

Companies are accomplishing their strategies by implementing various graphic technology solutions, which: are implemented in multiple forms and types of configurations; attempt to achieve any of a broad range of individual or combination of objectives; contain various levels of targeting; and are built to deliver or contain a standard or customized experience unique to and within the customer’s environment

Our Product

Bigeon is now developing an innovative type of a messenger application with availability of graphic input. Many of our competitors offer various solutions for messaging applications but none of them is anyhow related with graphics. Our company will provide prospective users with advanced graphic features including any combinations of colors, variable line width, backgrounds, filling, spraying and many others.

Developing of any application begins with developing of software requirements specification (SRS). It is a document containing the whole description of the software and the connection between its parts. The Company started to develop its SRS upon the establishment in June 2018. The document itself is available as an Exhibit 99.2 to the original filing of the Company's S-1 Registration Statement on February 15, 2019. Mr. Olegas Tunevicius, our sole President and Director, conducted the process himself, using his personal knowledge and experience in the IT field. Along with the SRS, the Company also started developing the design and interactive prototypes of the future app. At this time, development of both SRS and interactive design prototypes is completed. The SRS is available for public as an exhibit to this prospectus. In order to test our design prototypes, please visit us at <http://bigeon.in/> and follow the link proposed there. The prototypes on the website only relate to the design of the future application and represent the intended functionality. They do not indicate any progress in development of the software part of the app.

Currently we are considering developing the software part of the application for Android devices and collecting information about related procedures and expenses. Based on the research that we have been conducting, first of all we will need to rent a server with enough capacities to maintain communication for thousands of users at the same time. The Company estimates such expenses to be around \$10,000 annually for the first year. In future, following the expansion of our capacities, we will need a more powerful server that may cost up to \$100,000. The development process of the app itself has not started yet. We expect to start it as soon as we receive proceeds from our stock offering as we might have to hire third-party developers and pay for their services. We estimate such costs to be around \$5,000-\$7,000 annually during the first year. If we are successful in our development plan and start it as soon as we receive proceeds from our stock offering, the whole development process shall take up to 1 year. As long as we have not generated any revenue yet, we solely rely on the success of our public offering for obtaining the financing for developing our intended software.

Upon the completion of developing both Andorid and iOS versions of the app, the latter is going to be listed on digital platforms such as Google Play Market and Apple Store, respectively. In order to complete these, we will have to obtain a D-U-N-S number and set up the respective developer accounts for both platforms. When our applications are submitted and confirmed, we will be able to upload the app itself.

Bigeon's application is not only unique but it also secure.

Our Markets

We currently plan to market and sell our graphic technology solution through popular digital distribution services and platforms (also referred to as app stores) such as Google Play Market, App Store, Amazon Appstore and others. We also intend to market to companies that seek graphic solutions across the Internet in order to offer them individually developed versions of the App for their needs. The management of the Company expects to attract corporate clients among design agencies, bureau of architecture, tattoo studios and similar small companies that deal with creating custom images and/or sketches.

Our graphic technology solutions have application in a wide variety of industries. The industries in which we sell our solutions are established and include web design industry, custom graphics, engineering, fashion industry; however, the planning, development, implementation and maintenance of technology-enabled experiences involving combinations of graphic technologies is relatively new and evolving. Moreover, a number of participants in these industries have only recently started considering or expanding the adoption of these types of technologies, solutions and experiences as part of their overall marketing strategies.

Effect of General Economic Conditions on our Business

We believe that demand for our product will increase in part as a result of new construction and the recent economic recovery in general. These general economic improvements generally make it easier for our customers to justify decisions to invest in graphic messenger application development.

Regulation

We are subject to various federal, state and international laws and regulations that affect companies conducting business on the Internet and mobile platforms, including those relating to privacy, use and protection of user personal information and data (including the collection of data from minors), the

Internet, mobile applications, content, advertising and marketing activities and anti-corruption. Presently, we do not believe that any such legislation or proposed legislation will have a materially adverse impact on our business.

Competition

While we believe there is presently no direct competitor with the comprehensive offering of technologies and solutions we will provide to our future customers, there are multiple individual competitors who offer pieces of our solution stack. These include messaging software companies such as Viber, WhatsApp, Telegram, Facebook Messenger. Some of these competitors have significantly greater financial, technical and marketing resources than we do and may be able to respond more rapidly than we can to new or emerging technologies or changes in customer requirements. We believe that our sales and business development capabilities, our comprehensive offering of graphic technology and solutions, future brand awareness, and proprietary processes are the primary factors affecting our competitive position.

Employees

We have no employees other than our director and President, Mr. Olegas Tunevicius. There is no formal employment agreement between Mr. Tunevicius and the Company.

Legal Proceedings

We are not involved in certain legal claims or proceedings, nor have we ever been.

Properties

Our headquarters is located at Manesova 345/13 Ceske Budejovice 6, 370 01 Ceske Budejovice, Czech Republic. We rent the office space at approximately \$18 per month. The corporate phone number is +420234768135.

Item 1A. Risk Factors.

Not applicable for smaller reporting companies.

Item 1B. Unresolved Staff Comments.

Not applicable for smaller reporting companies.

6

Item 2. Properties.

We do not own any real estate or other properties.

Item 3. Legal Proceedings.

We know of no legal proceedings to which we are a party or to which any of our property is the subject which are pending, threatened or contemplated or any unsatisfied judgments against us.

Item 4. Mine Safety Disclosures.

Not applicable.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

Market Information

There is a limited public market for our common shares. Our common shares are not quoted on the OTC Bulletin Board at this time. Trading in stocks quoted on the OTC Bulletin Board is often thin and is characterized by wide fluctuations in trading prices due to many factors that may be unrelated to a company's operations or business prospects. We cannot assure you that there will be a market in the future for our common stock.

OTC Bulletin Board securities are not listed or traded on the floor of an organized national or regional stock exchange. Instead, OTC Bulletin Board securities transactions are conducted through a telephone and computer network connecting dealers in stocks. OTC Bulletin Board issuers are traditionally smaller companies that do not meet the financial and other listing requirements of a regional or national stock exchange.

As of July 31, 2020, no shares of our common stock are traded.

Number of Holders

As of October 5, 2020, the 4,381,550 issued and outstanding shares of common stock were held by a total of 26 shareholder of record.

Dividends

No cash dividends were paid on our shares of common stock during the fiscal years ended July 31, 2020 and 2019.

Recent Sales of Registered Public Accounting Firm

During October 2019 the Company issued 37,000 shares of common stock for cash proceeds of \$740 at \$0.02 per share.

To the Stockholders and the Board of Directors of Bigeon

During April 2020 the Company issued 40,000 shares of common stock for cash proceeds of \$800 at \$0.02 per share.

We have audited the accompanying balance sheets of Bigeon (the Company) as of July 31, 2020 and 2019, the related statements of operation, stockholders' deficit and cash flows for the years then ended and the related notes to the financial statements (collectively, the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of July 31, 2020 and 2019, and the results of its operations and its cash flows for the period then ended, in conformity with accounting principles generally accepted in the United States of America.

During July 2020 the Company issued 90,000 shares of common stock for cash proceeds of \$1,800 at \$0.02 per share.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company had no revenue during the years ended July 31, 2020 and 2019, has suffered reoccurring losses from operations, and

total liabilities exceeds its total assets. This raises substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3 to the financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Other Stockholder Matters

None.

Basis for Opinion

Item 6. Selected Financial Data.

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

/s/ Mac Accounting Group, LLP

We have served as the Company's auditor since 2018.

OUR SOURCES OF REVENUE

The accompanying notes are an integral part of these financial statements.

We currently plan to market and sell our graphic technology solution through popular digital distribution services and platforms (also referred to as app stores) such as Google Play Market, App Store, Amazon Appstore and others. We also intend to market to companies that seek graphic solutions across the Internet in order to offer them individually developed versions of the App for their needs. The management of the Company expects to attract corporate clients among design agencies, bureau of architecture, tattoo studios and similar small companies that deal with creating custom images and/or sketches.

BIGEON STATEMENTS OF OPERATIONS

On June 19, 2018, the Company entered into an interest free loan agreement with our President and Director, Olegas Tunevicius. According to it, Mr. Tunevicius will provide funds to the Company, on an as-needed basis, in amounts up to \$65,000 over the next four years. The Company will use the agreement as a line of credit and will use the advanced funds for the purpose of working capital and to perform necessary business operations.

RESULTS OF OPERATIONS

NOTES TO THE FINANCIAL STATEMENTS

Fiscal year ended July 31, 2020, compared to July 31, 2019:

As of July 31, 2020

Revenues

NOTE 1 - ORGANIZATION AND OPERATIONS

During the years ended July 31, 2020, and 2019, we have not received any revenues.

Bigeon ("Company") was incorporated on June 19, 2018 under the laws of Nevada. We are developing a new kind of messenger application. The product of the Company ("the App") is intended to provide an entirely new way of sharing information. The App enables a user to draw a picture or a writing instead of typing the whole message. Our intended users will be the people whose jobs are connected with drawing and creating graphic animation. Bigeon's product will be an appropriate tool to make short sketches on the go and share them with others. Total operating expenses for the year ended July 31, 2020 were \$14,077 compared to \$18,301 for the year ended July 31, 2019. Our operating expenses consisted of general and administrative costs \$316 (July 31, 2019 - \$79), professional fees \$13,350 (July 31, 2019 - \$18,000), and rent expense \$361 (July 31, 2019 - \$222). Expenses decreased in the current year primarily due to decrease the audit and legal fees.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Net Losses

The Management of the Company is responsible for the selection and use of appropriate accounting policies and the appropriateness of accounting policies and their application. Critical accounting policies and practices are those that are both most important to the portrayal of the Company's financial condition and results and require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Company's significant and critical accounting policies and practices are disclosed below as required by generally accepted accounting principles.

Liquidity and Capital Resources

As of July 31, 2020, our total assets were \$2,432 comprised of cash \$1,610, prepaid rent \$221 and prepaid expenses \$621. Our total liabilities were \$15,144 comprised of a loan from director. As of July 31, 2019, our total assets were \$2,198 comprised of cash \$1,425, prepaid rent \$177, and prepaid expenses \$621. Our total liabilities were \$16,994 comprised of a loan from director \$14,994 and accounts payable \$2,000.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America. The Company's year-end is July 31. Shareholders' deficit has decreased from \$(14,796) as of July 31, 2019 to \$(12,692) as of July 31, 2020.

Use of Estimates

The Company's financial statements are prepared with July 31, 2020 principles to \$10,146 accepted by the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company generating profitable operations in the future and, or, obtaining the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand, sales, loans from directors and, or, the private placement of common stock.

Cash Equivalents

The Company considers all highly liquid investments with maturities of three months or less at the time of purchase to be cash equivalents. The cash equivalents as of July 31, 2020 and 2019 were \$0.

Because of the Company's history of losses, its independent auditors, in the reports on the financial statements for the year ended July 31, 2020 and July 31, 2019, expressed substantial doubt about the Company's ability to continue as a going concern. The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that could result from the outcome of this uncertainty.

Related Parties

Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. The Company intends to position itself so that it may be able to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

Pursuant to Section 850-10-20 the related parties include (a) affiliates of the Company; (b) entities for which investments in their securities would be required, absent the election of the fair value option under the Fair Value Option Subsection of Section 825-10-15, to be accounted for by the Company; (c) entities that have a significant influence over the Company's operations; (d) entities that have a significant influence over the Company's financial position; (e) entities that have a significant influence over the Company's management; (f) other parties with which the Company may deal if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests; and (g) other parties that can significantly influence the management or operating policies of the transacting parties or that have an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

Cash Flows from Operating Activities

For the fiscal year ended July 31, 2020, net cash from operating activities was \$16,331 consisting of proceeds from a loan from a director of \$150 and proceeds from the sale of stock \$16,181. For the fiscal year ended July 31, 2019, net cash from operating activities was \$16,887 consisting of proceeds from the sale of stock of \$1,450 and proceeds from a loan from a director of \$16,862.

Cash Flows from Financing Activities

For the fiscal year ended July 31, 2020, net cash from financing activities was \$16,331 consisting of proceeds from a loan from a director of \$150 and proceeds from the sale of stock \$16,181. For the fiscal year ended July 31, 2019, net cash from financing activities was \$18,312 consisting of proceeds from the sale of stock of \$1,450 and proceeds from a loan from a director of \$16,862.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Annual Report, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial

Recent Accounting Pronouncements

The Company has evaluated all the recently issued, but not yet effective, accounting standards that have been issued or proposed by the FASB or other standards-setting bodies through Item 7A. Quantitative and Qualitative Disclosures about Market Risk. The adoption of any such pronouncements will have a material effect on the Company's financial position and results of operations. Not applicable for smaller reporting companies.

Item 8. Financial Statements and Supplementary Data.

NOTE 3 - GOING CONCERN

The financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business.

As reflected in the financial statements, the Company had no revenues during the years ended July 31, 2020, and 2019, has reoccurring net losses, and is showing total liabilities in excess of total assets. These factors raise substantial doubt about the Company's ability to continue as a going concern.

The Company is attempting to commence full-scale operations and generate sufficient revenue, however the Company's cash position may not be sufficient to support the Company's daily operations long-term. Management intends to raise additional funds by way of a private or public offering. While the Company believes in the viability of its strategy to commence operations and generate sufficient revenue and in its ability to raise additional funds, there can be no assurances to that effect. The ability of the Company to continue as a going concern is dependent upon the Company's ability to further implement its business plan and generate sufficient revenue and its ability to raise additional funds by way of a public or private offering.

The financial statements do not include any adjustments related to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 4 - STOCKHOLDERS' EQUITY

Upon formation, the total number of shares of all classes of stock which the Company is authorized to issue is seventy-five million (75,000,000) shares of Common Stock, par value \$0.001 per share.

On September 4, 2018, the Company issued 3,500,000 shares of common stock to its President and Incorporator, Mr. Olegas Tunevicius, at \$0.001 per share, which reduced the note payable due to him by \$3,500.

During July 2019 the Company issued 72,500 shares of common stock for cash proceeds of \$1,450 at \$0.02 per share.

During the year ended July 31, 2020, the Company issued 809,050 shares of common stock for cash proceeds of \$16,181 at \$0.02 per share.

There were 4,381,550 and 3,572,500 shares of common stock issued and outstanding as of July 31, 2020, and as of July 31, 2019.

NOTE 5 - RELATED-PARTY TRANSACTIONS

The President and sole director of the Company, Olegas Tunevicius, is the only related party with whom the Company had transactions with during the year ended July 31, 2020. During the year ended July 31, 2020, Mr. Tunevicius contributed \$150 in cash to assist in paying for operating expenses on behalf of the Company. The amounts due to the related party are unsecured and non-interest bearing with no set terms of repayment and were \$15,144 and \$14,994 as of July 31, 2020 and July 31, 2019, respectively.

NOTE 6 - COMMITMENTS AND CONTINGENCIES

The Company has entered into a one-year rental agreement for office space for approximately \$18 monthly, starting on June 11, 2019. The Company has extended this rental agreement through June 11, 2021.

NOTE 7 - INCOME TAX PROVISION

Deferred Tax Assets

As of July 31, 2020, the Company had net operating loss ("NOL") carry-forwards for Federal income tax purposes of \$33,823 that may be offset against future taxable income through 2039. No tax benefit has been recorded with respect to these net operating loss carry-forwards in the accompanying consolidated financial statements as the management of the Company believes that the realization of the Company's net deferred tax assets of approximately \$7,103 was not considered more likely than not and accordingly, the potential tax benefits of the net loss carry-forwards are offset by the full valuation allowance.

Deferred tax assets consist primarily of the tax effect of NOL carry-forwards which was used to offset tax payable from prior year's operations. The Company has provided a full valuation allowance on the deferred tax assets because of the uncertainty regarding its realization. The current valuation of tax allowance is not applicable as of July 31, 2020.

Components of deferred tax assets are as follows:

	For the Reporting Period Ended July 31, 2020	For the Reporting Period Ended July 31, 2019
Net Deferred Tax Asset Non-Current:		
Net Operating Loss Carry-Forward	\$ 33,823	\$ 19,746
Effective tax rate	x 21%	x 21%
Expected Income Tax Benefit from NOL Carry-Forward	7,103	4,147
Less: Valuation Allowance	(7,103)	(4,147)
Deferred Tax Asset, Net of Valuation Allowance	\$ -	\$ -

The actual tax benefit at the expected rate of 21% differs from the expected tax benefit for the year ended July 31, 2020 as follows:

	For the Reporting Period Ended July 31, 2020	For the Reporting Period Ended July 31, 2019
Computed "expected" tax expense (benefit)	\$ (3,260)	\$ (3,843)
Change in valuation allowance	\$ 3,260	\$ 3,843
Actual tax expense (benefit)	\$ -	\$ -

NOTE 8 - FOREIGN CURRENCY

As a result of the Company's management operating in Europe, some of the Company's transactions occurred in Euros. However, due to the little variance in the foreign currency translation rate in the period under audit, there were no gains or losses recorded to either other comprehensive income or net income.

FINANCIAL STATEMENTS

The Company has evaluated all events that occur after the balance sheet date through the date when the financial statements were available to be issued to determine if they must be reported. Management of the Company determined that there are no material subsequent events to be disclosed.

For the Years Ended July 31, 2020 and July 31, 2019

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

None

Item 9A(T). Controls and Procedures.

Disclosure Controls and Procedures.

The Company maintains disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) that are designed to ensure that information required to be disclosed in the Company's Securities Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to the Company's management, as appropriate, to allow timely decisions regarding required disclosure.

The Company's management, with the participation of our principal executive and principal financial officer evaluated the effectiveness of the Company's disclosure controls and procedures as of the end of the period covered by this report. Based upon that evaluation, our principal executive and principal financial officer concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were not effective.

Management's Report on Internal Controls over Financial Disclosure Controls and Procedures

Management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)). The Company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Under the supervision and with the participation of management, including the Chief Executive Officer and Chief Financial Officer, the Company conducted an evaluation of the effectiveness of the Company's internal control over financial reporting as of July 31, 2020, using the criteria established in "Internal Control - Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in 2013.

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis. In its assessment of the effectiveness of internal control over financial reporting as of July 31, 2020, the Company determined that there were control deficiencies that constituted material weaknesses, as described below.

1. The Company does not have adequate oversight over financial reporting - The Company has no employees and only one member of management whom is also the Company's sole director, therefore the Company lacks adequate segregation of duties. Further, the Company currently has no Audit Committee. While not being legally obligated to have an audit committee, it is the management's view that such a committee, including a financial expert member, is an utmost important entity level control over the Company's financial statement. Currently the Board of Directors acts in the capacity of the Audit Committee, and does not include a member that is considered to be independent of management to provide the necessary oversight over management's activities.
2. The Company lacks adequate financial reporting capabilities - Due to the minimal operations and small size of the Company we have not employed individuals that have the necessary accounting knowledge and expertise to ensure accurate financial reporting under US GAAP.
3. The Company lacks appropriate information technology controls - As of July 31, 2020, the Company retains copies of all financial data and material agreements; however, there is no formal procedure or evidence of normal backup of the Company's data or off-site storage of data in the event of theft, misplacement, or loss due to unmitigated factors.

Accordingly, the Company concluded that these control deficiencies resulted in a reasonable possibility that a material misstatement of the annual or interim financial statements will not be

prevented or detected on a timely basis by the company's internal controls.

As a result of the material weaknesses described above, management has concluded that the Company did not maintain effective internal control over financial reporting as of July 31, 2020, based on criteria established in Internal Control- Integrated Framework issued by COSO in 2013.

System of Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining a system of disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) that is designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer's management, including its principal executive officer or officers and principal financial officer or officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

An evaluation was conducted under the supervision and with the participation of our management of the effectiveness of the design and operation of our disclosure controls and procedures as of July 31, 2020. Based on that evaluation, our management concluded that our disclosure controls and procedures were not effective as of such date to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms.

Changes in Internal Control over Financial Reporting

There was no change in the Company's internal control over financial reporting during the annual period covered by this report that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Item 9B. Other Information.

None.

PART III

Item 10. Directors, Executive Officers and Corporate Governance.

DIRECTORS, EXECUTIVE OFFICERS, PROMOTER AND CONTROL PERSONS

The name, age and titles of our executive officer and director is as follows:

Name and Address of Executive

Officer and/or Director	Age	Position
Olegas Tunevicius		President, Treasurer, Secretary
Manesova 345/13 Ceske		and Director
Budejovice 6, Ceske Budejovice,		(Principal Executive, Financial
Czech Republic 370 01	39	and Accounting Officer)

Olegas Tunevicius is our President and was appointed to the position of the Director, the Secretary and the Treasurer. He established the Company on June 19, 2018. Mr. Tunevicius has been fond of IT technologies for the past 10 years and dedicated most of his leisure time to exploring the world tendencies in the field. With the degree of Vilnius Gediminas Technical University, the President has been able to understand the process of creating software in detail. Mr. Tunevicius's work experience for the past 5 years includes being employed at Egzotika, Lattako and Inter Cars Lietuva. At Egzotika, he took position of the head of the department from 2005 to 2015. Mr. Tunevicius's key responsibilities were managing the work of the department and controlling the provision of supplies. In February 15, 2015, Mr. Tunevicius joined Latakko in Latvia. At Latakko he worked as a sales manager fulfilling such responsibilities as increasing the sales of department, providing the company's customers with enjoyable experience and analyzing business strategy of the department for increasing profits. In March 2018 Mr. Tunevicius joined Inter Cars Lietuva where he worked as a product group specialist. He had to leave that position in June 2018.

During the past ten years, Mr. Tunevicius has not been the subject to any of the following events:

1. Any bankruptcy petition filed by or against any business of which Mr. Tunevicius was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time.
2. Any conviction in a criminal proceeding or being subject to a pending criminal proceeding.
3. An order, judgment, or decree, not subsequently reversed, suspended or vacated, or any court of competent jurisdiction, permanently or temporarily enjoining, barring, suspending or otherwise limiting Mr. Tunevicius's involvement in any type of business, securities or banking activities.
4. Found by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission or the Commodity Future Trading Commission to violate a federal or state securities or commodities law, and the judgment has not been reversed, suspended or vacated.
5. Was the subject of any order, judgment or decree, not subsequently reversed, suspended or vacated, of any Federal or State authority barring, suspending or otherwise limiting for more than 60 days the right to engage in any activity described in paragraph (f)(3)(i) of this section, or to be associated with persons engaged in any such activity;
6. Was found by a court of competent jurisdiction in a civil action or by the Commission to have violated any Federal or State securities law, and the judgment in such civil action or finding by the Commission has not been subsequently reversed, suspended, or vacated;
7. Was the subject of, or a party to, any Federal or State judicial or administrative order, judgment, decree, or finding, not subsequently reversed, suspended or vacated, relating to an alleged violation of:
 - i. Any Federal or State securities or commodities law or regulation; or
 - ii. Any law or regulation respecting financial institutions or insurance companies including, but not limited to, a temporary or permanent injunction, order of disgorgement or restitution, civil money penalty or temporary or permanent cease-and-desist order, or removal or prohibition order; or
 - iii. Any law or regulation prohibiting mail or wire fraud or fraud in connection with any business entity; or

8. Was the subject of, or a party to, any sanction or order, not subsequently reversed, suspended or vacated, of any self-regulatory organization (as defined in Section 3(a)(26) of the Exchange Act (15 U.S.C. 78c(a)(26))), any registered entity (as defined in Section 1(a)(29) of the Commodity Exchange Act (7 U.S.C. 1(a)(29))), or any equivalent exchange, association, entity or organization that has disciplinary authority over its members or persons associated with a member.

DIRECTOR INDEPENDENCE

The Board of Directors has determined that there are no "independent" directors as such term is defined in Section 5605(a)(2) of the Nasdaq listing rules, and meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934. The preceding disclosure respecting director independence is required under applicable SEC rules. The Board of Directors has determined that at least one member of the board, Mr. Tunevicius, is an "audit committee financial expert" as that term is defined in Regulation S-K promulgated under the Securities Exchange Act of 1934. Mr. Tunevicius is not an "independent" member of the board as described above. The Board of Directors has determined that director is able to read and understand fundamental financial statements.

BOARD AND COMMITTEE MATTERS

The Company does not have a standing nominating committee, compensation committee or audit committee. Instead, the entire Board of Directors shares the responsibility of identifying potential director-nominees to serve on the Board of Directors and performing the functions of an audit committee. The Board believes the engagement of directors in these functions is important at this time in the Company's development in light of the Company's recent activities.

COMMUNICATIONS WITH BOARD MEMBERS

Our board of directors has provided the following process for shareholders and interested parties to send communications to our board and/or individual directors. All communications should be addressed to Bignon, Manesova 345/13 Ceske Budejovice 6, 370 01 Ceske Budejovice, Czech Republic. Communications to individual directors may also be made to such director at our company's address. All communications sent to any individual director will be received directly by such individuals and will not be screened or reviewed by any company personnel. Any communications sent to the board in the care of the Secretary will be reviewed by the Secretary to ensure that such communications relate to the business of the company before being reviewed by the board.

Item 11. Executive Compensation.

MANAGEMENT COMPENSATION

The following table sets forth certain information about compensation paid, earned or accrued for services by our Executive Officer for the fiscal years ended July 31, 2020 and July 31, 2019:

Summary Compensation Table

Name and Principal Position	Year	Salary (\$)	Bonus (\$)	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	All Other Compensation (\$)	All Other Compensation (\$)	Total (\$)
Olegas Tunevicius	2020	-0-	-0-	-0-	-0-	-0-	-0-	-0-	-0-
President, Secretary and Treasurer	2019	-0-	-0-	-0-	-0-	-0-	-0-	-0-	-0-

There are no current employment agreements between the company and its officer.

Mr. Tunevicius currently devotes approximately twenty hours per week to manage the affairs of the Company. He has agreed to work with no remuneration until such time as the company receives sufficient revenues necessary to provide management salaries. At this time, we cannot accurately estimate when sufficient revenues will occur to implement this compensation, or what the amount of the compensation will be.

There are no annuity, pension or retirement benefits proposed to be paid to the officer or director or employees in the event of retirement at normal retirement date pursuant to any presently existing plan provided or contributed to by the company or any of its subsidiaries, if any.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

The following table sets forth certain information relating to the beneficial ownership of our common stock as of July 31, 2020, by:

- each person, or group of affiliated persons, known by us to beneficially own more than five percent of the outstanding shares of our common stock;
- each of our directors;
- each of our named executive officers; and
- all directors and executive officers as a group.

27

Title of Class	Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percentage
Common Stock	Olegas Tunevicius Manesova 345/13 Ceske Budejovice 6, Ceske Budejovice, Czech Republic 370 01	3,500,000 shares of common stock (direct)	79.88%

The number of shares beneficially owned by each entity, person, director or executive officer is determined in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares over which the individual has sole or shared voting power or dispositive power as well as any shares that the individual has the right to acquire within 60 days of the date through the exercise of any stock option, warrants or other rights. Except as otherwise indicated, and subject to applicable community property laws, the persons named in the table have sole voting and dispositive power with respect to all shares of common stock held by that person. The percentage of shares

beneficially owned is computed on the basis of 4,381,550 shares of our common stock outstanding as of the date of this annual report.

Shares of common stock that a person has the right to acquire within 60 days of the date are deemed outstanding for purposes of computing the percentage ownership of the person holding such rights, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. Unless otherwise noted below, the address of the persons listed on the table is Manesova 345/13 Ceske Budejovice 6, Ceske Budejovice, Czech Republic.

Item 13. Certain Relationships and Related Transactions.

On June 19, 2018, the Company entered into an interest free loan agreement with our President and Director, Olegas Tunevicius. According to it, Mr. Tunevicius will provide funds to the Company, on an as-needed basis, in amounts up to \$65,000 over the next four years. The Company will use the agreement as a line of credit and will use the advanced funds for the purpose of working capital and to perform necessary business operations. In accordance with the interest free loan agreement, for the year ended July 31, 2019, Mr. Tunevicius advanced \$16,862 for operating expenses. Additionally, on September 4, 2018, the Company issued a total of 3,500,000 shares of their restricted common stock to Mr. Tunevicius to reduce the related party loan by \$3,500. For the year ended July 31, 2020, Mr. Tunevicius advanced \$150 to the Company for operating expenses. As of July 31, 2020, the related party loan balance was \$15,144. In conjunction with the loan agreement the amounts advanced by Mr. Tunevicius are to be repaid by June 19, 2022. The Company plans to repay Mr. Tunevicius from revenues of operations if and when the Company generates enough revenues to pay the obligation. There is no assurance that we ever will generate revenues from our operations.

Item 14. Principal Accountant Fees and Services.

The following is a summary of the fees billed to us by our independent auditors for professional services rendered related to the fiscal years ended July 31, 2020 and 2019:

	2020	2019
Audit Fees	\$ 11,700	\$ 13,500
Audit Related Fees	-	-
Tax Fees	-	-
All Other Fees	-	-
Total	<u>\$ 11,700</u>	<u>\$ 13,500</u>

Audit Fees. Consists of fees billed for professional services rendered for the audit of our financial statements and review of the interim financial statements included in quarterly reports and services in connection with registration statement filings and statutory and regulatory filings or engagements.

Audit-Related Fees. Consists of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under "Audit Fees."

Tax Fees. Consists of fees billed for professional services for tax compliance, tax advice, and tax planning.

All Other Fees. Consists of fees for products and services other than the services reported above.

PART IV

Item 15. Exhibits.

Exhibit No.	Description
31.1	<u>Certification of Chief Executive Officer and Chief Financial Officer pursuant to Securities Exchange Act of 1934 Rule 13a-14(a) or 15d-14(a).</u>
